MOTHER AWOKE IN TERROR

Gasping for breath and crying from
terrible injuries to its face, Clyde, the
18-month-old child of Mrs. Emma
Prouitt, of Second street, aroused its
mother in whose arm it was lying
this morning between the hours of 3
and 4 o'clock. The mother was horri-
fied to see a cat with its teeth buried
in the lips of the child and blood flow-
ing in a steady stream from its
mouth.

The case is one of the strangest on
record and fearful anticipations are be-
ing felt by the mother as to the result
it will have on her dear one. The cat
was a Maltese and had been around
the Prouitt home for a week or more.
A few days ago it was noticed acting
strangely and yesterday it was seen
in the throes of a fit. Mrs. Prouitt in-
tended to put it out of the house last
night before retiring, but forgot. Some-
time after midnight the diseased ani-
mal stealthily crawled onto the bed on
which the mother and child were
sleeping and approaching the child
commenced the characteristic practice
of the feline family. It placed its
mouth near that of the baby and
commenced sucking the child's breath.

Becoming more eager for its prey,
the cat sunk its teeth into the lower
lip of the baby and commenced also
to suck its life blood. What influence
was used that kept the child from
waking immediately is not known.
When it did awake and cry out the
mother was badly frightened at the
sight. The baby's head was covered
with blood as was that of the cat, her
arm and two pillows were also satur-
ated with gore. Mrs. Prouitt thought
only of relieving the child's suffering
and seized the cat and threw it to
the floor. In pulling it away from the
baby the cat's teeth tore a big hole in
the baby's lip and its claws scratched
long gashes on its face.

The cat was then kicked out of the
room and the door was locked. For
fully an hour the cat clawed and in
numerous other ways attempted to get
back into the room. The mother called
other members of the family and the
child, after hard work, was relieved
of its misery. It was taken to a
physician this morning and will be
cared for by him until it recovers from
the awful experience.

Chief Wyman was notified of the oc-
currence this morning and going to
the Prouitt home killed the cat. The
cat at that time was having another
fit.

J. F. Walsh, a brakeman employed
by the C. & P. on the shifter which
works around Wellsville and this city,
was killed this morning at about 11:30
o'clock while attempting to make a
coupling on the siding near Steven-
son's foundry, Wellsville. He was
crushed between the bumpers and died
in less than 15 minutes.

According to an eye witness, Walsh
stepped out onto the track at a curve
and tripping fell between the bumpers
of two freight cars. The bumpers
struck him on the breast and back.
As soon as possible the cars were
parted and Walsh was carried to the

WEIGHT SEALER IS ATTACKED

COUNCILMEN DISSATISFIED WITH
HIS METHODS.

The Matter Much Argued And Decis-
ion Reached to Refer It
to the Solicitor.

H. E. Moon, a member of council,
raised serious objection last evening
to the manner in which the sealer of
weights and measures, Frederick
Grimm, conducts his work. Council-
man Cannon also harped on the same
string and as a result Solicitor David-
son will be asked for a written opinion
for the purpose of finding who has the
power to act on the case.

Mr. Cannon stated that during the
past few weeks he has heard of num-
erous people in the city being beaten
by dishonest persons who have their
scales regulated to cheat their custom-
ers. He thought that the sealer of
weights and measures should be more
active and detect some of the frauds.
Mr. Moon then made the statement
that he did not think it would do any
good even if the dishonest men are
discovered. He said there is no pen-
alty attached to the guilt of doctoring
scales and could not see how the dis-
covery by Mr. Grimm would do any
real good. He also objected strenu-
ously to the manner in which Mr.
Grimm conducts his work. From per-
sonal experience he talked.

"Mr. Grimm examined my scales,"
said he, "and did so in about 10 min-
utes. He found them all right and
then charged me \$3.50 for the exami-
nation. This I do not think is fair.
When a man's scales are found to be
perfect the owner should not be com-
pelled to pay for a test."

Mr. Bullock produced the wage scale
of the local branch of International
Union of Stationary Engineers. He
asked that council concede it. It
was referred to the solicitor.

JURY DISCREED IN DAVIS CASE

County Prosecutor Will Make An Ef-

Again.

Lisbon, November 11.—(Special).—
The jury in the case of James W.
Davis, of East Liverpool, charged with
shooting at William Stilwell with in-
tent to kill, after being out about ten
hours, reported failure to agree and
was discharged. The jury stood seven
for conviction for assault and battery
and five for conviction on the charge
of shooting with intent to kill.

Prosecuting Attorney Brookes ex-
pressed his intention of bringing the
case to trial again.

MANUFACTURERS' MEETING CLOSED

Pottery Association Held a Busy
Meeting in Pitts-
burg.

MAINTENANCE OF PRICES

The Pottery association finished its
work in Pittsburgh last evening after
being in session but one day. After
adjournment President W. E. Wells, of
this city, said:

"The association has been remark-
ably successful this year in maintain-
ing prices all over the country. That
was the principal reason for organiz-
ing, and so successful were the efforts
of the executive committee that it
was the unanimous desire of the dele-
gates to continue the organization for
another year, with the same officers and
executive committee. By reaffirming
the prices of this year it means that
people will, together with the trade at
large benefit next year. I may say
that the potters in general reported a
very healthy condition of trade during
the twelve months ending since our
last annual meeting."

The association was in ses-
sion in the parlors of the Hotel Hen-
ry for 10 hours yesterday discussing
details and technicalities in the pres-
ent price lists and the situation in re-
spect to opposition in the home mar-
ket by the foreign manufacturers. The
men who gathered at the Henry early
in the day and continued in session
till late in the night represented a
total capitalization of over \$50,000,000
and an annual output of \$30,000,000
worth of ware.

Only slight changes were considered
yesterday in the price schedule. The
principal matter under consideration
was action against the importers of
Holland ware, who have been bringing
in a cheap product at a rate which is
under the actual cost of production
in the American factories. Tea cups
and tea sets have been the specialties.
The importers have sold plain white
teas at 48 cents per dozen and decorated
sets at 65 cents, which is less than
the American manufacturer can furnish
the same goods at the factory for, with
the present standard of wages. The
importers are accused of falsifying
their manifests in getting the goods
into the country, and several huge
shipments have been held up in New
York for months. Attorneys have been
engaged to fight the case on behalf of
the American manufacturers.

The old officers were re-elected yes-
terday. W. E. Wells, of the Laughlin
China company, East Liverpool, was
named as president, and William Bur-
gess, of Trenton, as vice president.
Last year's board of directors and ex-
ecutive committee will serve for an-
other year.

BANK CASE TO GO TO SUPREME COURT

Highest Tribunal Will Decide Question
of Directors' Liabil-
ity.

Lisbon, November 11.—(Special).—
The plaintiff in the case of Chas. Har-
vey Mason vs. Dr. Wm. Moore, John
McVicker and Joseph K. Frew, as di-
rectors of the defunct First National
bank, of New Lisbon, in which it is
sought to hold the directors' liable be-
yond stockholders' liability, will take
the case to the state supreme court.

A verdict for defendants in common
pleas court here was recently sustain-
ed by the circuit court. Mason charges
fraud on the part of the directors, at-
testing a public statement as to their
condition of the bank, which he says in-
duced him to buy stock shortly before
the collapse.

Made.

OBJECTIONS WERE RAISED

To the Continued Overdrawing of
Funds and Orders Issued to Stop
It—Street Department Must Be
Curtailed.

For the first time in years a police-
man was utilized last evening in get-
ting the necessary number of council-
men at the regular meeting of that
body. Zed Smith, of the East End,
was the one so summoned. Five
members had assembled, Councilman
Johnson was out of the city and six
members being needed to pass the ap-
propriation ordinance, it was decided
to have Mr. Smith at all hazards.
The gentleman was ordered to appear
by Officer Fisher. He arrived at the
chamber at about 9 o'clock and gave
as his excuse for absence that he was
sick.

It did not take the members long to
finish the work laid out for them after
being called to order. The most im-
portant business being the appropri-
ation ordinance, President Horwell
called for a report of the finance com-
mittee, which had worked for several
hours on it together with Auditor David-
son. Mr. Bullock, chairman of the
committee, stated that the ordinance
had been prepared with a view of
making the several departments and
boards of the city live within the
levy during the next two months. He
said further that the street fund had
been continually overdrawn and that
the committee had cut this department
down to \$1200 for the last two months
of the year.

Auditor Davidson was asked what
the boards would do in case their
funds are exhausted. He replied that
they would simply have to cut off
some of their men. Mr. Moon thought
it would be wise to notify the boards
to be careful and not over reach their
limit, and the auditor as instructed to
warn them. The full list of approp-
riations is as follows:

A paper by Dr. J. T. Elliott on "Mor-

on an important topic. A number of
important clinical cases were reported

VICIOUSLY ATTACKED HIS WIFE AND CHILD

ORDERS MUST
BE OBEYED

Councilmen Think the Public Ser-
vice Board Needs Stir-
ring Up.

INDIGNATION IS SHOWN

Council has determined that the
board of public service must carry out
its orders to the letter in the future.
If the board fails to do so measures
are to be taken to have the members
impeached or removed in some such
manner, asserts one councilman. The
question was raised last evening when
report was made that the board had
failed to furnish the residents of Gar-
dendale with lights and also to im-
prove Sheridan avenue and Bank
streets. The councilmen recalled hav-
ing ordered the board to do this work
and got very indignant as the discus-
sion progressed. Mr. Moon declared
that the service board does not heed
council in the least and he is heartily
in favor of making it understood em-
phatically who is the ruling body of
the city.

Mr. Cannon reported that Sheridan
avenue is in a horrible condition. Mr.
Barlow said that Grant street for a
distance of about 80 feet is also badly
in need of repairs. A motion was
passed ordering the service board to
repair the streets and do so at once,
using the money it has for this work
in precedence to any other work that
might be on hands.

Two residents of Gardendale were
present. They requested that the
be given light. A motion was finally
passed ordering the board of public
service to place a light at the head of
Gardendale avenue and one at the foot.
While this was being discussed one
of the councilmen raised the question
again as to the necessity and fairness
of taking steps to have all adjacent
territory of the city which is inhabit-
ed and receiving the benefits of the
city, incorporated. Though nothing
definite was done, it is assured that
some action will be taken toward that
end in the near future.

Mr. Cannon was authorized to
make needed improvements at the
city hall.

DAMAGES ASKED

By George R. Buchheit And Others in
Suit Against the
Railroad.

Lisbon, November 11.—(Special).—
The damage suit brought by
George R. Buchheit, Elizabeth H. Er-
win, John F. Charles, George J. and
Leo Buchheit versus the Pennsylvania
company came on for trial this after-
noon. Suit is brought in this case for
\$240 damages growing out of the oc-
cupation by the company of a tract in
East Liverpool which the plaintiffs al-
lege the company has possession of
through a defective title.

The tract in question was formerly
an alley on which lot 138 in East Liv-
erpool abutted, and was not taken in
to account in a transfer some time in
the 40's. The plaintiffs ask possession
of part of the alley, which is crossed
by the C. & P. railroad.

W. R. C. Convention.

The district convention of the four-
teenth district, W. R. C., will convene
tomorrow at Minerva. East Liverpool,
Wellsville, Salineville, Steubenville
and other towns in this section are
included in the district. Mrs. Mc-
Knight, inspector for the district, will
be present. Mrs. Gahagan, of Troy,
state president of the W. R. C., now
in East Liverpool, will also be present.
Mrs. S. Faloon and Mrs. T. L. Apple
are the delegates from Wellsville. Mrs.
McKnight inspected the Wellsville
corps last Saturday night.

PROSPECTS GOOD FOR EXTENSION

STREET RAILWAY LIKELY TO BE
BUILT DOWN RIVER.

Jefferson County Commissioners And
Railway Officials Go Over
the Route.

Everything points to a favorable
outcome for the granting of a fran-
chise and right of way for the East
Liverpool Railway company from the
end of Clark avenue, Wellsville, to Em-
pire, down the river. Monday County
Commissioners Kerr, Anderson and
Thompson, of Jefferson county, and
their county engineer, accompanied by
B. D. Beacom, George Anderson, of
the street railway company, and their
engineer, Mr. Hooper, of Johnstown,
Pa., went over the proposed route to
Empire. The commissioners were
most favorably impressed. This was
the second trip made over the route.
It is stated they will undoubtedly mod-
ify their demands, and will meet short-
ly with the officials of the street rail-
way, when in all probability terms
will be made for the proposed exten-
sion. There is about a quarter of a
mile of the route within the Wellsville
city limits, but the street railway com-
pany does not anticipate any trouble
on that score.

It is now most probable that the com-
ing spring will see the work begun.
The Toronto & Steubenville Traction
company also intends to ex-
tend its line to Empire in the
spring, and both lines will be connect-
ed up, making a continuous street rail-
way almost from the state line to
Wheeling.

CRUELTY CHARGED BY MRS. SNAPE

An East Liverpool Woman Applies for
Divorce, Making Ugly Ac-
cusations.

Lisbon, November 11.—(Special).—
Another East Liverpool divorce peti-
tion was placed on file today. Annie L.
Snape asks legal separation from Geo.
Henry Snape, on three grounds, gross
neglect and failure to provide, habitual
drunkenness and extreme cruelty.

She says they were married at Trent-
on, N. J., in 1890 and have no children.
Mrs. Snape charges that many times
her husband, while drunk, has struck
and otherwise abused her. She says
she has not lived with him since May
7, when he struck her with his fist and
knocked her down. Brookes and
Thompson are her attorneys.

Interesting Conference.

Dr. J. W. Toland, of the M. E.
church, returned last evening from at-
tendance at the Steubenville district
conference, Richmond, Jefferson coun-
ty. The doctor says the conference
was largely attended by the ministers
of the district and lay delegates, in
fact it was a most interesting session.
Ordinary church topics of work in the
district were discussed, and the re-
ports of the first quarter's benevolence
and last year contributions were
most encouraging.

STOCK EXCHANGE CASE PASSED

liam Earp.

HIS WIFE FILES SUIT

For Divorce After Having Been
Outrageously Treated,
She Says.

THE MAN ONCE WHITECAPPED

William Earp, a potter of Calcutta
road, is in all kinds of trouble. He
was made defendant in divorce pro-
ceedings instituted against him by his
wife on Monday through her attorney
G. Y. Travis, and this morning his wife
filed a charge of assault and battery
against him. According to her story
and that known by the authorities,
Earp stands an elegant chance of los-
ing in both cases. His actions to-
ward his wife have been most brutal
and the indignation of the neighbor-
hood is aroused.

Mrs. Earp is a highly respected wo-
man. She is industrious and for her
many lovable attributes is admired by
all who know her. According to her
neighbors, her husband has been guilty
of cruelty impossible to portray. Re-
cords show that he has treated his wife
inhumanly almost ever since their mar-
riage a little less than 10 years ago.
His downfall seems to be his love for
whisky. While drunk on last Satur-
day night, claims Mrs. Earp, he went
to their home and started one of his
numberless fights. He tore up the
carpets of the house, smashed furni-
ture and dishes and then turned his at-
tention to his wife. He landed a ter-
rific blow on her mouth, knocking her
to the floor and several teeth out of
her head. He then struck her a vio-
lent blow over the eye and bruised her
body in numerous other places. After
finishing his wife he jumped on their
little six-year-old daughter, Elizabeth,
threw her to the floor, placed his huge
knees on her breast and choked her
until the blood flowed from her ear,
nose and mouth.

Mrs. Earp reported the affair to cen-
tral station on Monday and then ap-
plied to Attorney Travis to get her a
divorce. She has stood his brutality as
long as she could and though she fears
a divorce will put a stigma on the
name of her child she is forced to take
the action.

Earp is the man who was warned by
whitecaps years ago to cease mistreat-
ing his wife. He defied the whitecaps
and one night was caught near Thomp-
son's pottery and severely flogged.
Earp was arrested shortly before noon
today.

I may say that the potters in general reported a very healthy condition of trade during the twelve months ending since our last annual meeting."

The association was in session in the parlors of the Hotel Henry for 10 hours yesterday discussing details and technicalities in the present price lists and the situation in respect to opposition in the home market by the foreign manufacturers. The men who gathered at the Henry early in the day and continued in session till late in the night represented a total capitalization of over \$50,000,000 and an annual output of \$30,000,000 worth of ware.

Only slight changes were considered yesterday in the price schedule. The principal matter under consideration was action against the importers of Holland ware, who have been bringing in a cheap product at a rate which is under the actual cost of production in the American factories. Tea cups and tea sets have been the specialties. The importers have sold plain white teacups at 48 cents per dozen and decorated sets at 65 cents, which is less than the American manufacturer can furnish the same goods at the factory for, with the present standard of wages. The importers are accused of falsifying their manifests in getting the goods into the country, and several huge shipments have been held up in New York for months. Attorneys have been engaged to fight the case on behalf of the American manufacturers.

The old officers were re-elected yesterday. W. E. Wells, of the Laughlin China company, East Liverpool, was named as president, and William Burgess, of Trenton, as vice president. Last year's board of directors and executive committee will serve for another year.

BANK CASE TO GO TO SUPREME COURT

Highest Tribunal Will Decide Question of Directors' Liability.

Lisbon, November 11.—(Special).—The plaintiff in the case of Chas. Harvey Mason vs. Dr. Wm. Moore, John McVicker and Joseph K. Frew, as directors of the defunct First National bank, of New Lisbon, in which it is sought to hold the directors' liable beyond stockholders' liability, will take the case to the state supreme court.

A verdict for defendants in common pleas court here was recently sustained by the circuit court. Mason charges fraud on the part of the directors, attesting a public statement as to their condition of the bank, which he says induced him to buy stock shortly before the collapse.

Report of Finance Committee Accepted and Appropriation Made.

OBJECTIONS WERE RAISED

To the Continued Overdrawing of Funds and Orders Issued to Stop It—Street Department Must Be Curtailed.

For the first time in years a policeman was utilized last evening in getting the necessary number of councilmen at the regular meeting of that body. Zed Smith, of the East End, was the one so summoned. Five members had assembled, Councilman Johnson was out of the city and six members being needed to pass the appropriation ordinance, it was decided to have Mr. Smith at all hazards. The gentleman was ordered to appear by Officer Fisher. He arrived at the chamber at about 9 o'clock and gave as his excuse for absence that he was sick.

It did not take the members long to finish the work laid out for them after being called to order. The most important business being the appropriation ordinance, President Horwell called for a report of the finance committee, which had worked for several hours on it together with Auditor Davidson. Mr. Bullock, chairman of the committee, stated that the ordinance had been prepared with a view of making the several departments and boards of the city live within the levy during the next two months. He said further that the street fund had been continually overdrawn and that the committee had cut this department down to \$1200 for the last two months of the year.

Auditor Davidson was asked what the boards would do in case their funds are exhausted. He replied that they would simply have to cut off some of their men. Mr. Moon thought it would be wise to notify the boards to be careful and not over reach their limit, and the auditor as instructed to warn them. The full list of appropriations is as follows:

Medical Society Met.

The Columbiana County Medical Society held its regular monthly meeting in the Y. M. C. A. rooms here yesterday. There was a good attendance.

A paper by Dr. J. T. Elliott on "Morbidity Effects of Alimentary Indigestion" was valuable in stimulating discussion on an important topic. A number of important clinical cases were reported and discussed. Applications for membership were received from Dr. Howard H. Beane and Dr. R. J. Marshall, of East Liverpool. The next meeting of the association will be held in Lisbon December 8.

VICIOUSLY ATTACKED HIS WIFE AND CHILD

ORDERS MUST BE OBEYED

Councilmen Think the Public Service Board Needs Stirring Up.

INDIGNATION IS SHOWN

Council has determined that the board of public service must carry out its orders to the letter in the future. If the board fails to do so measures are to be taken to have the members impeached or removed in some such manner, asserts one councilman. The question was raised last evening when report was made that the board had failed to furnish the residents of Gardendale with lights and also to improve Sheridan avenue and Bank streets. The councilmen recalled having ordered the board to do this work and got very indignant as the discussion progressed. Mr. Moon declared that the service board does not heed council in the least and he is heartily in favor of making it understood emphatically who is the ruling body of the city.

Mr. Cannon reported that Sheridan avenue is in a horrible condition. Mr. Barlow said that Grant street for a distance of about 80 feet is also badly in need of repairs. A motion was passed ordering the service board to repair the streets and do so at once using the money it has for this work in precedence to any other work that might be on hands.

Two residents of Gardendale were present. They requested that the be given light. A motion was finally passed ordering the board of public service to place a light at the head of Gardendale avenue and one at the foot.

While this was being discussed one of the councilmen raised the question again as to the necessity and fairness of taking steps to have all adjacent territory of the city which is inhabited and receiving the benefits of the city, incorporated. Though nothing definite was done, it is assured that some action will be taken toward that end in the near future.

The fire committee was authorized to make needed improvements at the city hall.

DAMAGES ASKED

By George R. Buchheit And Others in Suit Against the Railroad.

Lisbon, November 11.—(Special).—The damage suit brought by George R. Buchheit, Elizabeth H. Erwin, John F. Charles, George J. and Leo Buchheit versus the Pennsylvania company came on for trial this afternoon. Suit is brought in this case for \$240 damages growing out of the occupation by the company of a tract in East Liverpool which the plaintiffs allege the company has possession of through a defective title.

The tract in question was formerly an alley on which lot 138 in East Liverpool abutted, and was not taken in to account in a transfer some time in the 40's. The plaintiffs ask possession of part of the alley, which is crossed by the C. & P. railroad.

W. R. C. Convention.

The district convention of the fourteenth district, W. R. C., will convene tomorrow at Minerva. East Liverpool, Wellsville, Salineville, Steubenville and other towns in this section are included in the district. Mrs. McKnight, inspector for the district, will be present. Mrs. Gahagan, of Troy, state president of the W. R. C., now in East Liverpool, will also be present. Mrs. S. Faloon and Mrs. T. L. Apple are the delegates from Wellsville. Mrs. McKnight inspected the Wellsville corps last Saturday night.

Kibler-Woods.

Lisbon, November 11.—(Special).—John Woods and Miss Ida Kibler, both of East Palestine, were married yesterday afternoon by Rev. A. W. Lytle at the parsonage of the U. P. church.

PROSPECTS GOOD FOR EXTENSION

STREET RAILWAY LIKELY TO BE BUILT DOWN RIVER.

Jefferson County Commissioners And Railway Officials Go Over the Route.

Everything points to a favorable outcome for the granting of a franchise and right of way for the East Liverpool Railway company from the end of Clark avenue, Wellsville, to Empire, down the river. Monday County Commissioners Kerr, Anderson and Thompson, of Jefferson county, and their county engineer, accompanied by B. D. Beacom, George Anderson, of the street railway company, and their engineer, Mr. Hooper, of Johnstown, Pa., went over the proposed route to Empire. The commissioners were most favorably impressed. This was the second trip made over the route. It is stated they will undoubtedly modify their demands, and will meet shortly with the officials of the street railway, when in all probability terms will be made for the proposed extension. There is about a quarter of a mile of the route within the Wellsville city limits, but the street railway company does not anticipate any trouble on that score.

It is now most probable that the coming spring will see the work begun. The Toronto & Steubenville Traction company also intends to extend its line to Empire in the spring, and both lines will be connected up, making a continuous street railway almost from the state line to Wheeling.

CRUELTY CHARGED BY MRS. SNAPE

An East Liverpool Woman Applies for Divorce, Making Ugly Accusations.

Lisbon, November 11.—(Special).—Another East Liverpool divorce petition was placed on file today. Annie L. Snape asks legal separation from Geo. Henry Snape, on three grounds, gross neglect and failure to provide, habitual drunkenness and extreme cruelty.

She says they were married at Trenton, N. J., in 1890 and have no children. Mrs. Snape charges that many times her husband, while drunk, has struck and otherwise abused her. She says she has not lived with him since May 7, when he struck her with his fist and knocked her down. Brookes and Thompson are her attorneys.

Interesting Conference.

Dr. J. W. Toland, of the M. E. church, returned last evening from attendance at the Steubenville district conference, Richmond, Jefferson county. The doctor says the conference was largely attended by the ministers of the district and lay delegates, in fact it was a most interesting session. Ordinary church topics of work in the district were discussed, and the reports of the first quarter's benevolences and last year contributions were most encouraging.

STOCK EXCHANGE CASE PASSED

Witnesses Refused to Testify On the Ground That They Would Incriminate Themselves.

Lisbon, November 11.—(Special).—

When court convened at 8:30 this morning the case of Ohio vs. Frank A. Tremaine, of East Liverpool, in which the defendant is accused of running a gambling place where stock margins are bought and sold without intention of actual transfer, was called for trial. It was passed at the request of Prosecutor Brookes.

The case comes under the statute relating to bucket shops and is the first of the kind to come into court here for many years. When it was called Mr. Brookes made a statement to the court, asking a continuance, on the ground that most of the essential witnesses

Inhuman Cruelty Charged Against William Earp.

HIS WIFE FILES SUIT

For Divorce After Having Been Outrageously Treated, She Says.

THE MAN ONCE WHITECAPPED

William Earp, a potter of Calcutta road, is in all kinds of trouble. He was made defendant in divorce proceedings instituted against him by his wife on Monday through her attorney G. Y. Travis, and this morning his wife filed a charge of assault and battery against him. According to her story and that known by the authorities, Earp stands an elegant chance of losing in both cases. His actions toward his wife have been most brutal and the indignation of the neighborhood is aroused.

Mrs. Earp is a highly respected woman. She is industrious and for her many lovable attributes is admired by all who know her. According to her neighbors, her husband has been guilty of cruelty impossible to portray. Records show that he has treated his wife inhumanly almost ever since their marriage a little less than 10 years ago. His downfall seems to be his love for whisky. While drunk on last Saturday night, claims Mrs. Earp, he went to their home and started one of his numberless fights. He tore up the carpets of the house, smashed furniture and dishes and then turned his attention to his wife. He landed a terrific blow on her mouth, knocking her to the floor and several teeth out of her head. He then struck her a violent blow over the eye and bruised her body in numerous other places. After finishing his wife he jumped on their little six-year-old daughter, Elizabeth, threw her to the floor, placed his huge knees on her breast and choked her until the blood flowed from her ear, nose and mouth.

Mrs. Earp reported the affair to central station on Monday and then applied to Attorney Travis to get her a divorce. She has stood his brutality as long as she could and though she fears a divorce will put a stigma on the name of her child she is forced to take the action.

Earp is the man who was warned by whitecaps years ago to cease mistreating his wife. He defied the whitecaps and one night was caught near Thompson's pottery and severely flogged. Earp was arrested shortly before noon today.

Case Settled.

Lisbon, November 11.—(Special).—A case in which the state was plaintiff on relation of Lena D. Carlisle, of Lisbon, against Edward D. Shive, has been settled, the plaintiff taking judgment for \$250.

for the state had decided to exercise their right under the law of refusing to testify on the ground that they might incriminate themselves. Mr. Brookes said the witnesses had testified freely before the grand jury and their refusal to testify at the trial came as a surprise to him. He asked the court to pass the case, to give time to secure additional evidence.

The trial of the case will be awaited with interest in East Liverpool and other parts of the county. Thousands of dollars are said to have been involved in many of the transactions in the Penn Stock exchange, managed by Tremaine.

CHILD NEARLY KILLED BY A SAVAGE CAT

Animal Began by Sucking the Little One's Breath.
THIRSTING FOR BLOOD
It Next Bit the Baby's Lip and Mutilated It Very Badly.
MOTHER AWOKES IN TERROR

Gasping for breath and crying from terrible injuries to its face, Clyde, the 18-month-old child of Mrs. Emma Proutt, of Second street, aroused its mother in whose arm it was lying this morning between the hours of 3 and 4 o'clock. The mother was horrified to see a cat with its teeth buried in the lips of the child and blood flowing in a steady stream from its mouth.

The case is one of the strangest on record and fearful anticipations are being felt by the mother as to the result it will have on her dear one. The cat was a Maltese and had been around the Proutt home for a week or more. A few days ago it was noticed acting strangely and yesterday it was seen in the throes of a fit. Mrs. Proutt intended to put it out of the house last night before retiring, but forgot. Some time after midnight the diseased animal stealthily crawled onto the bed on which the mother and child were sleeping and approaching the child commenced the characteristic practice of the feline family. It placed its mouth near that of the baby and commenced sucking the child's breath.

Becoming more eager for its prey, the cat sunk its teeth into the lower lip of the baby and commenced also to suck its life blood. What influence was used that kept the child from waking immediately is not known. When it did awake and cry out the mother was badly frightened at the sight. The baby's head was covered with blood as was that of the cat, her arm and two pillows were also saturated with gore. Mrs. Proutt thought only of relieving the child's suffering and seized the cat and threw it to the floor. In pulling it away from the baby the cat's teeth tore a big hole in the baby's lip and its claws scratched long gashes on its face.

The cat was then kicked out of the room and the door was locked. For fully an hour the cat clawed and in numerous other ways attempted to get back into the room. The mother called other members of the family and the child, after hard work, was relieved of its misery. It was taken to a physician this morning and will be cared for by him until it recovers from the awful experience.

Chief Wyman was notified of the occurrence this morning and going to the Proutt home killed the cat. The cat at that time was having another fit.

WEIGHT SEALER IS ATTACKED

COUNCILMEN DISSATISFIED WITH HIS METHODS.
The Matter Much Argued And Decision Reached to Refer It to the Solicitor.

H. E. Moon, a member of council, raised serious objection last evening to the manner in which the sealer of weights and measures, Frederick Grimm, conducts his work. Councilman Cannon also harped on the same string and as a result Solicitor Davidson will be asked for a written opinion for the purpose of finding out who has the power to act on the case.

Mr. Cannon stated that during the past few weeks he has heard of numerous people in the city being beaten by dishonest persons who have their scales regulated to cheat their customers. He thought that the sealer of weights and measures should be more active and detect some of the frauds. Mr. Moon then made the statement that he did not think it would do any good even if the dishonest men are discovered. He said there is no penalty attached to the guilt of doctoring scales and could not see how the discovery by Mr. Grimm would do any real good. He also objected strenuously to the manner in which Mr. Grimm conducts his work. From personal experience he talked.

"Mr. Grimm examined my scales," said he, "and did so in about 10 minutes. He found them all right and then charged me \$3.50 for the examination. This I do not think is fair. When a man's scales are found to be perfect the owner should not be compelled to pay for a test."

Mr. Bullock produced the wage scale of the local branch of International Union of Stationary Engineers. He asked that council concede it. It was referred to the solicitor.

JURY DISAGREED IN DAVIS CASE

County Prosecutor Will Make An Effort to Have It Tried Again.
Lisbon, November 11.—(Special.)—The jury in the case of James W. Davis, of East Liverpool, charged with shooting at William Stilwell with intent to kill, after being out about ten hours, reported failure to agree and was discharged. The jury stood seven for conviction for assault and battery and five for conviction on the charge of shooting with intent to kill.

Prosecuting Attorney Brookes expressed his intention of bringing the case to trial again.

Administrator Named.
Lisbon, November 11.—(Special.)—The widow and next of kin of the late David A. Palmer, of Liverpool township, having declined to take administration of his estate, Chas. W. Usher has been appointed administrator. Bond \$2,200. Appraisers, Loomis Kinsey, Henry Fisher and W. S. Smith.

BRAKEMAN FELL AND WAS KILLED

J. F. Walsh, Employed on the Shifter, Stumbled and Was Run Over by a Car.

J. F. Walsh, a brakeman employed by the C. & P. on the shifter which works around Wellsville and this city, was killed this morning at about 11:30 o'clock while attempting to make a coupling on the siding near Stevenson's foundry, Wellsville. He was crushed between the bumpers and died in less than 15 minutes.

According to an eye witness, Walsh stepped out onto the track at a curve and tripping fell between the bumpers of two freight cars. The bumpers struck him on the breast and back. As soon as possible the cars were parted and Walsh was carried to the

MANUFACTURERS' MEETING CLOSED

Pottery Association Held a Busy Meeting in Pittsburgh.

MAINTENANCE OF PRICES

The Pottery association finished its work in Pittsburgh last evening after being in session but one day. After adjournment President W. E. Wells, of this city, said:

"The association has been remarkably successful this year in maintaining prices all over the country. That was the principal reason for organizing, and so successful were the efforts of the executive committee that it was the unanimous desire of the delegates to continue the organization for another year, with the same officers and executive committee. By reaffirming the prices of this year it means that people will, together with the trade at large benefit next year. I may say that the potters in general reported a very healthy condition of trade during the twelve months ending since our last annual meeting."

The association was in session in the parlors of the Hotel Henry for 10 hours yesterday discussing details and technicalities in the present price lists and the situation in respect to opposition in the home market by the foreign manufacturers. This was the second trip made over the route. It is stated they will undoubtedly modify their demands, and will meet shortly with the officials of the street railway, when in all probability terms will be made for the proposed extension. There is about a quarter of a mile of the route within the Wellsville city limits, but the street railway company does not anticipate any trouble on that score.

It is now most probable that the coming spring will see the work begun. The Toronto & Steubenville Traction company also intends to extend its line to Empire in the spring, and both lines will be connected up, making a continuous street railway almost from the state line to Wheeling.

CRUELTY CHARGED BY MRS. SNAPE

An East Liverpool Woman Applies for Divorce, Making Ugly Accusations.

Lisbon, November 11.—(Special.)—Another East Liverpool divorce petition was placed on file today. Annie L. Snape asks legal separation from Geo. Henry Snape, on three grounds, gross neglect and failure to provide, habitual drunkenness and extreme cruelty.

She says they were married at Trenton, N. J., in 1890 and have no children. Mrs. Snape charges that many times her husband, while drunk, has struck and otherwise abused her. She says she has not lived with him since May 7, when he struck her with his fist and knocked her down. Brookes and Thompson are her attorneys.

Interesting Conference.
Dr. J. W. Toland, of the M. E. church, returned last evening from attendance at the Steubenville district conference, Richmond, Jefferson county. The doctor says the conference was largely attended by the ministers of the district and lay delegates, in fact it was a most interesting session. Ordinary church topics of work in the district were discussed, and the reports of the first quarter's benevolences and last year contributions were most encouraging.

STOCK EXCHANGE CASE PASSED

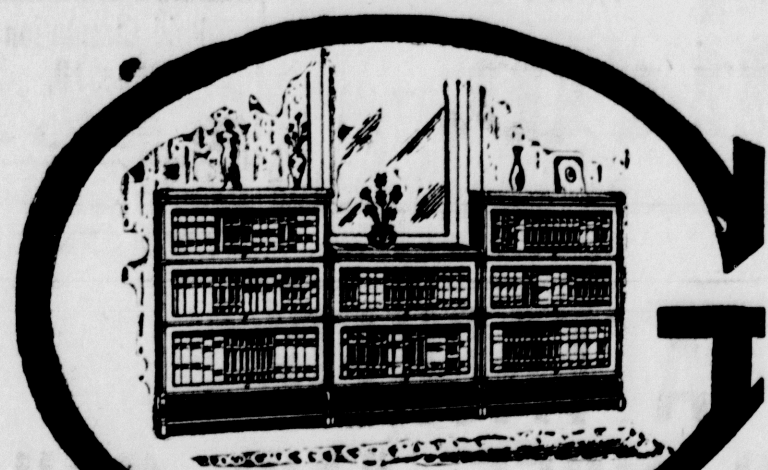

Witnesses Refused to Testify On the Ground That They Would Incriminate Themselves.

Lisbon, November 11.—(Special.)—When court convened at 8:30 this morning the case of Ohio vs. Frank A. Tremaine, of East Liverpool, in which the defendant is accused of running a gambling place where stock margins are bought and sold without intention of actual transfer, was called for trial. It was passed at the request of Prosecutor Brookes.

The case comes under the statute relating to bucket shops and is the first of the kind to come into court here for many years. When it was called Mr. Brookes made a statement to the court, asking a continuance, on the ground that most of the essential witnesses

for the state had decided to exercise their right under the law of refusing to testify on the ground that they might incriminate themselves. Mr. Brookes said the witnesses had testified freely before the grand jury and their refusal to testify at the trial came as a surprise to him. He asked the court to pass the case, to give time to secure additional evidence.

The trial of the case will be awaited with interest in East Liverpool and other parts of the county. Thousands of dollars are said to have been involved in many of the transactions in the Penn Stock exchange, managed by Tremaine.

THE DR. EVANS CASE DECIDED BY JUDGE HOLE

Circuit Court Merely Affirmed His Opinion And Compelled Him.

Lisbon, November 11.—(Special.)—In Youngstown the other day the circuit court passed upon the habeas corpus case of Sheriff Thomas versus Dr. Evans, which attracted wide attention a few months ago and which was decided by Judge Hole, of the Columbia county common pleas bench. The circuit court unanimously affirmed Judge Hole's opinion and adopted it as its own, Judge Laubie saying that Judge Hole had prepared a very able opinion which in every respect represented the views of the circuit court.

Dr. Evans, of Arizona, was charged in Pennsylvania with having obtained money and property by false pretenses relating to certain gold mining property in Arizona. The governor of Pennsylvania issued extradition papers and an agent of the state made applica-

tion to the governor of Ohio for a warrant for Dr. Evans, who was then in this state. This warrant was issued and thereupon habeas corpus proceedings were begun in the probate court of Mahoning county, Judge Ewing holding that Evans should be released.

The matter was carried to common pleas court and was heard and decided by Judge Hole last December, the judge giving an elaborate opinion affirming the decision of the lower courts and holding the extradition proceedings invalid for several reasons. First, it appeared that the affidavit prepared by the district attorney of Pennsylvania did not legally charge an offense; second, the testimony showed that if any false representations were made they were made by letters mailed in Arizona, and that this would not be an offense committed in Pennsylvania; third, it was further held that Dr. Evans was not a fugitive from Pennsylvania, as a person cannot constructively flee from the justice of a state in which he was not actually present when the alleged crime was said to have been committed. A number of other nice questions were considered fully in Judge Hole's decision.

MAKING SPEECHES.

The meeting of local union No. 24, of Wellsville, held last night, was addressed by President Duffy, of the N. B. of O. P. There was a large attendance of the members and all enjoyed President Duffy's speech. Monday night the speaker appeared before local No. 4 and during the winter will visit the majority of the locals. It is his plan to keep interest in the affairs of the organization aroused during the winter months and thus increase the attendance at the meetings of the union. The announcement that President Duffy is to speak is sufficient to bring out a full attendance.

WELLSVILLE POTTERS.

Noah Calhoun, a presser at the Smith-McNicol pottery, is ill. A special meeting of local union No. 24, N. B. of O. P., was held last night and they were addressed by President Duffy. Amos Russell, boss decorating kiln-placer at the Wellsville China company, was off duty yesterday on account of illness. Walter Hockworth, sticker-up at the Wellsville China company, accompanied by Allen Griffiths, is hunting in the vicinity of Hammondsville.

A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Penner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." For sale by Alvin H. Bulger (only).

SALINEVILLE

Salineville, Nov. 11.—All the sportsmen in town left early yesterday morning for the country to enjoy the opening day of the hunting season. Before daylight two crowds left with numerous dogs and guns for the woods and fields. Quail are quite numerous and the farmers report that the coveys have become quite tame. Rabbits abound. A large number of the farmers about here have notices posted prohibiting hunting on their farms unless permission has been first obtained.

Council lately passed ordinances establishing grades on Grandview addition. The grades established will run over the C. & P. railroad switch that runs west through the town. The railroad will be compelled to come to grade and this will necessitate a change in the tracks. So far the grade of the streets has not been brought to the attention of the railroad officials. In making the grades several fine residences will be damaged by a fill about thirty feet deep. Some of the citizens are indignant and say they will fight.

"Tip" Queen, who recently was elected sheriff of Carroll county announced to his friends Monday that he would sell all his stock from his farm two miles west of Salineville, quail and other game.

THE DR. EVANS CASE DECIDED BY JUDGE HOLE

Circuit Court Merely Affirmed His Opinion And Complicated Him.

Lisbon, November 11.—(Special.)—In Youngstown the other day the circuit court passed upon the habeas corpus case of Sheriff Thomas versus Dr. Evans, which attracted wide attention a few months ago and which was decided by Judge Hole, of the Columbiana county common pleas bench. The circuit court unanimously affirmed Judge Hole's opinion and adopted it as its own. Judge Laube saying that Judge Hole had prepared a very able opinion which in every respect represented the views of the circuit court.

Dr. Evans, of Arizona, was charged in Pennsylvania with having obtained money and property by false pretenses relating to certain gold mining property in Arizona. The governor of Pennsylvania issued extradition papers and an agent of the state made application to the governor of Ohio for a warrant for Dr. Evans, who was then in this state. This warrant was issued and thereupon habeas corpus proceedings were begun in the probate court of Mahoning county. Judge Ewing holding that Evans should be released.

UNRELIABLE NEWS.

President T. J. Duffy, of the N. B. of O. P., has entered a vigorous denial of the story printed in the Crisis Monday afternoon, alleging to be an account of the settlement of the trouble between the Wheeling Pottery company and the girls employed in its warehouses. The article does President Duffy a great injustice, it stating that he notified the girls to return to work and if they did not, threatened that the charter of their local would be taken away from them. The article also stated that the girls returned to work at their old wages, which was untrue.

The publication of such unreliable information on so important a subject, when a telephone call to Brotherhood headquarters would have set it straight, is only another illustration of the methods of the paper in gathering news. The paper could have learned that President Duffy was in Wheeling three weeks ago, before the girls went on a strike; that he did not order the girls to return to work and threaten to take up the charter of their local, and, that instead of the Brotherhood not sanctioning the strike it stood ready to help the girls in gaining their demand, which was a just one. The publication has placed President Duffy in a false position, either through carelessness or malice.

About the only true statement in the entire article was that the strike has been settled. But the girls did not return to work at the old rate, instead being granted in full the rate demanded, which is the same as paid for warehouse work in this city. The girls had been getting from 50 to 75 cents per day and their demand was that the rate be increased to the East Liverpool rate of 87 1/2 cents per day, and that in addition they be given the 10 per cent increase, provided in the new agreement. The company offered to pay the 10 per cent increase, but to fill the girls struck refused to grant the entire demand. The strike practically tied up two of the company's plants.

BARBERTON NOTES.

Barberton, November 11.—As it has been some time since there has been any news in your paper from this city here are a few notes: The employees of the pottery were very sorry to lose their superintendent, Mr. Cartwright. They presented him a very handsome diamond before he left. Mr. Bratton, who took Mr. Cartwright's place, is very well thought of by the employees. Len Auberger, the mould maker, has purchased a lot and is building a very fine home.

Mr. Barrett has bought a lot on Eighth street, also one in Kenmore addition.

James Sullivan and Mr. Yeoman have purchased lots in the Kenmore addition.

Ab Angle, foreman, has purchased a home on Eighth streets.

The boys are very much interested in real estate.

Aaron Coleman is a new arrival. He is working on the glass kilns.

The union is in a flourishing condition.

The shop is running steady, with plenty of orders to keep the men busy up to the holidays.

The boys were very much interested in the election. There was a Republican gain of 100 in our city, which is placed to the credit of the pottery.

Thomas Black, the dipper and councilman from precinct D, has his hands full at council meetings trying to fight down monopoly franchises. Mr. Black is for the people, not for a few.

Thomas Anderson and Fred Johnson have joined the Masons.

The old foreman, Mr. Hawkins, is in the real estate and general insurance business. He thinks Barberton is the place. He has just purchased five houses and lots. His son Roland has accepted a position in the B. & O. railroad office.

Several of the boys have secured guns and are going to open the hunting season.

Mr. Keates, the manager of the decorating department, has been very sick.

Mr. Chris has been on the sick list, but is at work again.

A FINE DISPLAY.

In the current number of the Crockery and Glass Journal, published in New York, is to be found a very complimentary notice concerning the display of crockery at one of East Liverpool's most prosperous establishments. The notice reads as follows: "The dainty china display now being made at Newman's bazaar, East Liverpool, is attracting much attention from lovers of beautiful china, and many complimentary comments are being heard on the richness of their showing of fine imported ware." The owners of

this up-to-date establishment feel gratified at the kind words coming as they do unsolicited and from a publication which is an authority on such topics.

MAKING SPEECHES.

The meeting of local union No. 24, of Wellsville, held last night, was addressed by President Duffy, of the N. B. of O. P. There was a large attendance of the members and all enjoyed President Duffy's speech. Monday night the speaker appeared before local No. 4 and during the winter will visit the majority of the locals. It is his plan to keep interest in the affairs of the organization aroused during the winter months and thus increase the attendance at the meetings of the union. The announcement that President Duffy is to speak is sufficient to bring out a full attendance.

WELLSVILLE POTTERS.

Noah Calhoun, a presser at the Smith-McNicol pottery, is ill.

A special meeting of local union No. 24, N. B. of O. P., was held last night and they were addressed by President Duffy.

Amos Russell, boss decorating kiln-placer at the Wellsville China company, was off duty yesterday on account of illness.

Walter Hockworth, sticker-up at the Wellsville China company, accompanied by Allen Griffiths, is hunting in the vicinity of Hammondsville.

A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." For sale by Alvin H. Bulger (only).

SALINEVILLE

Salineville, Nov. 11.—All the sportsmen in town left early yesterday morning for the country to enjoy the opening day of the hunting season. Before daylight two crowds left with numerous dogs and guns for the woods and fields. Quail are quite numerous and the farmers report that the coveys have become quite tame. Rabbits abound. A large number of the farmers about here have notices posted prohibiting hunting on their farms unless permission has been first obtained.

Council lately passed ordinances establishing grades on Grandview addition. The grades established will run over the C. & P. railroad switch that runs west through the town. The railroad will be compelled to come to grade and this will necessitate a change in the tracks. So far the grade of the streets has not been brought to the attention of the railroad officials. In making the grades several fine residences will be damaged by a fill about thirty feet deep. Some of the citizens are indignant and say they will fight.

"Tip" Queen, who recently was elected sheriff of Carroll county announced to his friends Monday that he would sell all his stock from his farm two miles west of Salineville, and move to the county seat to acquaint himself with the duties of his office. Queen is the first sheriff ever elected from Fox township since Carroll county was organized. He has not selected his deputy yet.

James G. Hill wife and family of East Liverpool are visiting Joseph Faloon and wife west of town. While enjoying a few days in the country Mr. Hill will try his hand at rabbit, quail and other game.

EAST END

ANOTHER OIL WELL DUE ON FRIDAY

East End Stockholders in the Stacey Company Have Strong Hopes of a Rich Strike.

While the East End people who have been dabbling with oil companies have met with many disappointments they have not lost faith and many of them declare they will continue their investments until the green fluid is found in paying quantities. During the past six months a number of wells owned solely or in part by East End parties have been drilled in without a show of oil and the cost will reach into the thousands. There are a number of other wells now being put down.

One of them is that of the Stacey Oil company, owned by East End and Steubenville parties, and gives greater promise of oil than any other well yet sunk. The location is a short distance west of Toronto and is a "wild cat" well, that is beyond the limits of any established field. The hole is now down to a depth of more than 800 feet and the best of indications were found in the Big Injun sand. This strata was soft and black and made a good showing of a fine quality of lubricating oil. In the other wells owned by local parties in the nearby fields the Big Injun was found to be hard as rock and without a showing of oil. The stockholders are much encouraged.

The well will be continued until the Berea is reached, when a rich find is expected. The Berea will be reached Friday and the coming in of the well will be witnessed by the East End stockholders. If a strike is made it means that the stockholders will become immensely wealthy, as they have several hundred acres surrounding the well under lease.

DEATH OF THE COW HAS BEEN EXPLAINED

Gorged Itself from an 80-Pound Sack of Bran and Died in Twenty-four Hours.

Robert Kelly, of High street, the owner of the cow which died last Sunday afternoon under suspicious circumstances, returned to his home yesterday after an absence of several days, during which time he was out of the city. Upon his arrival he was informed of the circumstances and immediately commenced an investigation.

Equal Privileges.

POTTERS NATIONAL BANK

tion. Many of the neighbors called at the house and informed Mr. Kelly of their theory that the animal had been poisoned by some malicious person with the intention of causing him a monetary loss or wreaking vengeance on his family. While loath to believe that he had an enemy who would stoop to such means for revenge, Mr. Kelly was a great deal mystified over the occurrence.

After a thorough investigation of the stable and the stock of chop and hay Mr. Kelly could come to no conclusion as to how the animal came to its death. He could not bring himself to believe that such a dastardly plot had been made against him, in spite of the evidence offered by his neighbors. Later Mr. Kelly returned to the stable to investigate further and found that an 80-pound sack of bran that he had placed between two bales of hay was missing. He had placed the sack in what he supposed to be a safe place, but in some way the animal reached it. Chewing the cloth of the sack until the bran could be reached the cow proceeded to gorge herself. The entire sack, with the exception of a small quantity that was scattered over the floor, was devoured, which caused death within 24 hours.

This discovery made the post mortem examination of the cow's carcass unnecessary, and the carcass was disposed of late yesterday afternoon.

A Deal in the Night.
Alex Chafin, the genial East End capitalist and founder of Chafinville, never waits or procrastinates in closing a deal. A few days ago he found a purchaser for one of his properties and by the time the first negotiations were completed it was near to midnight. This did not prevent him from completing the deal and he had "Squire Carman disturbed from his slumbers to write the deed. Mr. Chafin is finding quite a demand for desirable dwelling houses.

Social a Success.
The social session given by Ben Hur band at P. H. C. hall last night was an entire success, and the several hundred who attended were more than pleased. The Ben Hur band rendered a number of pleasing selections and the J. G. Smith Mandolin club added to the musical part of the program several numbers that delighted the crowd. The club made its usual hit. The literary program and the refreshments were also greatly enjoyed.

Postmaster Baird Ill.
Postmaster Will Baird, who is popular with every patron of the office, is attending to his duties today under very grave difficulties. Last night he was seized with an attack of the grip and today has been suffering terribly. With his usual pluck he has remained at his post when many another man would be in bed. Mr. Baird's many friends hope that he will soon be enjoying his usual good health.

Temperance Society to Meet.

Kodol Dyspepsia Cure does for the stomach that which it is unable to do for itself, even when but slightly disordered or over-loaded. Kodol Dyspepsia Cure supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol Dyspepsia Cure digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood. Sold by Alvin H. Bulger (only).

Vaccinating Allegheny.
Pittsburg, Nov. 11.—The vaccination campaign is going merrily on in Allegheny. Already 1,593 persons have been inoculated and before the end of the week the number will reach 3,000. Little or no trouble is being experienced by the city physicians. Two cases of smallpox were reported in Pittsburg—James Lewis, 2302 Webster avenue, and Mary Vasey, 5157 Carnegie street.

RAILROAD GAINS ANOTHER POINT

City Council Makes One More Alteration in the Ordinance.

AN ANSWER IS DEMANDED

Of the Company as to When It Will Add the Promised Improvements to the City—Letter from Superintendent Scriven.

It is now up to the railroad company to at least show a disposition to carry out its part of the agreement entered into by it and the city council. The company has won on every point in every dispute that has arisen and now council wants something done for the city in return.

When the railroad ordinance was passed it will be remembered the company objected to several clauses. They were remedied and the ordinance was again submitted to it. As before another objection was raised and last evening that barrier to the company laying its double track through the city was abolished, council unanimously agreeing to give the company one more point.

The last objectionable clause read "the freight station shall be built on the hill when deemed necessary by council." Attorney Carey, for the company, asked that it be altered to read "when the business interests of the city, or manufacturers, demand it." Council being anxious to have the company live up to its other agreement passed a motion to the effect that the wording be changed.

The action was taken after the reading of the following letter addressed to W. L. Smith, of the board of service:

Dear Sir—The negotiations with East Liverpool concerning additional tracks through your city seem now to depend upon the question of a freight station on the hill.

I have always felt that the mutual interests of the city and the railroad company would work out a solution of this question to the satisfaction of both parties. You can rest assured that a station will be built at this place when the business interests of your city demand it.

The proposition to build a passenger station in the East End was based on the ground that all the citizens were interested in passenger accommodations, and that it was, therefore, a matter affecting the public generally; for this reason we concurred in the position taken by the council on the question. In the same way, station facilities on the hill will be provided when they become necessary.

I sincerely trust this will result in an adjustment of the matter.

Yours truly,
(Dictated) W. H. SCRIVEN,
Superintendent.

The Remarkable Experience of a Prominent Statesman—Congressman Meekison Gives Po-ru-na a High Endorsement.

Congressman Meekison of Ohio.

Hon. David Meekison is well known not only in his own State, but throughout America. He was elected to the Fifty-fifth Congress by a very large majority, and is the acknowledged leader of his party in his section of the State.

Only one flaw marred the otherwise complete success of this rising statesman. Catarrh with its insidious approach and tenacious grasp, was his only unconquered foe. For thirty years he waged unsuccessful warfare against this personal enemy. At last Peruna came to the rescue. He writes:

"I have used several bottles of Peruna and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing."—David Meekison, Member of Congress.

He wished to win the pole for America, because it was the last great geographical prize the world had to offer, and it was peculiarly an object of American pride and patriotism. He hoped by winning the pole for his country to appropriately crown her four centuries of struggle, heroism and achievement.

FORMER CASHIER ARRESTED.

Charged With Making False Entries in Books of Bank.

Newark, O., Nov. 11.—Harry J. Hoover, former cashier of the Peoples National bank, was placed under arrest on a warrant charging him with having made a false entry in the books of the bank. The accused was permitted to waive examination and gave bond of \$10,000 for appearance, pending action by the United States grand jury.

Hoover has been prominent in business, political and social circles. He is alleged to have been short in his accounts with the bank about \$36,000, which he covered with funds taken from the Licking county bank, of which he subsequently became cashier. The certificates of deposit for this amount on the Peoples National bank were recently turned over to the Licking county bank by Hoover, and it is on the payment of one of these certificates for \$1,000 that the prosecution is based. The Licking county bank brought suit against the Peoples National bank to recover \$34,589 on the certificates of deposit.

EAST END

ANOTHER OIL WELL DUE ON FRIDAY

East End Stockholders in the Stacey Company Have Strong Hopes of a Rich Strike.

While the East End people who have been dabbling with oil companies have met with many disappointments they have not lost faith and many of them declare they will continue their investments until the green fluid is found in paying quantities. During the past six months a number of wells owned solely or in part by East End parties have been drilled in without a show of oil and the cost will reach into the thousands. There are a number of other wells now being put down.

One of them is that of the Stacey Oil company, owned by East End and Steubenville parties, and gives greater promise of oil than any other well yet sunk. The location is a short distance west of Toronto and is a "wild cat" well, that is beyond the limits of any established field. The hole is now down to a depth of more than 800 feet and the best of indications were found in the Big Injun sand. This strata was soft and black and made a good showing of a fine quality of lubricating oil. In the other wells owned by local parties in the nearby fields the Big Injun was found to be hard as rock and without a showing of oil. The stockholders are much encouraged.

The well will be continued until the Berea is reached, when a rich find is expected. The Berea will be reached Friday and the coming in of the well will be witnessed by the East End stockholders. If a strike is made it means that the stockholders will become immensely wealthy, as they have several hundred acres surrounding the well under lease.

DEATH OF THE COW HAS BEEN EXPLAINED

Gorged Itself from an 80-Pound Sack of Bran and Died in Twenty-four Hours.

Robert Kelly, of High street, the owner of the cow which died last Sunday afternoon under suspicious circumstances, returned to his home yesterday after an absence of several days, during which time he was out of the city. Upon his arrival he was informed of the circumstances and immediately commenced an investigation.

Equal Privileges.

tion. Many of the neighbors called at the house and informed Mr. Kelly of their theory that the animal had been poisoned by some malicious person with the intention of causing him a monetary loss or wreaking vengeance on his family. While loath to believe that he had an enemy who would stoop to such means for revenge, Mr. Kelly was a great deal mystified over the occurrence.

After a thorough investigation of the stable and the stock of chop and hay Mr. Kelly could come to no conclusion as to how the animal came to its death. He could not bring himself to believe that such a dastardly plot had been made against him, in spite of the evidence offered by his neighbors. Later Mr. Kelly returned to the stable to investigate further and found that an 80-pound sack of bran that he had placed between two bales of hay was missing. He had placed the sack in what he supposed to be a safe place, but in some way the animal reached it. Chewing the cloth of the sack until the bran could be reached the cow proceeded to gorge herself. The entire sack, with the exception of a small quantity that was scattered over the floor, was devoured, which caused death within 24 hours.

This discovery made the post mortem examination of the cow's carcass unnecessary, and the carcass was disposed of late yesterday afternoon.

A Deal in the Night.

Alex Chafin, the genial East End capitalist and founder of Chafinville, never waits or procrastinates in closing a deal. A few days ago he found a purchaser for one of his properties and by the time the first negotiations were completed it was near to midnight. This did not prevent him from completing the deal and he had 'Squire Carman disturbed from his slumbers to write the deed. Mr. Chafin is finding quite a demand for desirable dwelling houses.

Social a Success.

The social session given by Ben Hur band at P. H. C. hall last night was an entire success, and the several hundred who attended were more than pleased. The Ben Hur band rendered a number of pleasing selections and the J. G. Smith Mandolin club added to the musical part of the program several numbers that delighted the crowd. The club made its usual hit. The literary program and the refreshments were also greatly enjoyed.

Mr. Baird's many friends hope that he will soon be enjoying his usual good health.

HONEST CIRCULATION.

The News Review is the best newspaper in East Liverpool and consequently the most popular. For the same reason it is the best advertising medium, a fact readily recognized by up-to-date advertisers who keep a large space in it crowded with their announcements. Use of its columns find an indispensable aid in securing business in this city and vicinity, where the paper circulates chiefly. The News Review now has a daily paid circulation in excess of 3,500 copies. It is an honest circulation. The paper is not given away to newsboys and others or scattered promiscuously about the streets like handbills, as some papers are, for the sake of deceiving advertisers and having a "circulation" to boast of. The actual paid circulation yesterday was 3,504 copies, and the fact will be duly attested by a sworn statement at the end of the month. Hereafter this paper will publish daily the circulation figures of the previous day. The announcement will be found at the upper right hand corner of the first page.

Readers and advertisers are asked to note it and to watch us grow. We do not mind informing the public that we are making a little effort in the circulation line just now and as usual with News Review efforts, it counts. For several months during the summer no solicitors were employed; nevertheless the circulation did not drop. The sworn daily average for October was 3,296 copies. That figure has now been swelled to 3,504, and it is not going to stop there.

The News Review is the only East Liverpool paper that publishes a sworn circulation statement—the only one that publishes a circulation statement at all. The public can draw its own inference. For months it has kept standing the announcement that its circulation is larger than that of the two other East Liverpool papers combined. That statement has never been challenged or questioned, because it cannot be. Our circulation books have always been open to all who have an

Interest in them, and advertisers have been urged time and again to call and examine them and verify our figures. The invitation is still open.

When the present management assumed charge of the paper, March 1, 1901, the total daily circulation was 877 copies. It has become more than fourfold in less than three years. It is a record without a parallel in this city, and has rarely been equalled by any newspaper. That the East Liverpool public appreciates a good thing we are in a position to testify most emphatically.

Talk about your jay towns and the lack of good manners therein! If there a city on the face of the earth that can hold a candle to the American metropolis in the matter of ill-breeding and display of vulgar curiosity it is certainly located in some uncivilized region. There was a wedding in New York City—a very common occurrence, by the way. This was a trifle more interesting to some foolish people than the average wedding because the bridegroom was a duke. But even a duke has some rights that other people are bound to respect. Fashionable and unfashionable New York respects nothing, however—not even itself. We read in the newspapers that there were riotous scenes, before which the police were powerless. A mob of curious persons, estimated at 10,000, thronged the streets in the most fashionable quarter of the greatest and wealthiest city of the United States, and women stopped the horses in the efforts to get a glimpse into the bride's carriage. Worse yet, the mob broke into the church and ruthlessly tore away the decorations that they might have a memento of the great occasion. It is all too silly and disgusting to talk about with patience. New York could easily learn a lesson in good manners and common decency from the remotest backwoods settlement in the country.

The bond sale has been made and the \$93,000 turned over to the city, which will proceed to pay it out again almost immediately to meet obligations already contracted and overdue. Let us hope that the difficulty experienced in relieving the financial tangle of the past year has taught the city a lesson and that there will be no unseemly haste hereafter to contract debts without first providing a way to pay them.

New gas wells are being struck all around us. If half that is reported of them be true, East Liverpool consumers ought not to pay 25 cents per thousand forever.

President Roosevelt's message was not long, but it said a good deal.

FRIENDS AND VISITORS

Miss Lucile Jones is visiting friends in Philadelphia.

Attorney P. A. Gavin and family have been visiting Mrs. Garvin's father, Councilman Thomas Cannon. They returned today to their home in Toronto.

George W. Ashbaugh is making a western business trip. He is making his headquarters at Peoria, Ill.

Dr. George P. Ikert drove to West Point yesterday, where he attended to some matters in connection with his farm located there.

George McCartney, who removed from this city to West Point several months ago, was in the city yesterday on business.

Wheeler Marple, who has been with the Muskingum sheet steel works at Zanesville for the past two years, is now with the Milligan Hardware company.

Mrs. I. P. Maley, of this city, left today for Salineville, where her mother, Mrs. Ellen Matthews, is very ill. Mrs. Maley will remain at Salineville for several weeks.

Always in the lead—the News Review.

AT THE THEATER

Good plays can only be constructed from good material and there can be no better test to guide the dramatist in his selection of plot and story than public opinion as judged by the sale of a book. "A Life's Mistake" has been given to the stage in this way, for it is the most read and decidedly the most popular of the many books from that prolific writer, Charles Garvice, and the staging of the story has retained all of its elements of beauty and enhanced many of its scenes. At the Grand opera house Wednesday evening.

An engagement of the jolly old gentleman, Foxy Grandpa, is scheduled for Monday, November 16. This lovable old party with his two grandsons, Chub and Bunt, will have new pranks to play upon each other, and be surrounded by a bevy of handsome women with new and beautiful costumes. The music this season is all new. The scenery is also new, having been built especially to conform to all size stages, will all be used.

Thrills almost innumerable are promised in "The Heart of the Ozarks," the bill at the Grand on Thursday evening. These include a pitched battle, an explosion, the flight of a fast passenger train across the stage, a combat at the brink of an awful chasm and many other sensations of a startling nature. Bob and Cole Younger are leading characters in the melodrama.

A Good Name.

From personal experience I testify that DeWitt's Little Early Risers are unequalled as a liver pill. They are rightly named because they give strength and energy and do their work with ease.—W. T. Easton, Boerne, Texas. Thousands of people are using these tiny little pills in preference to all others, because they are so pleasant and effectual. They cure biliousness, torpid liver, jaundice, sick headache, constipation, etc. They do not purge and weaken, but cleanse and strengthen. Sold by Alvin H. Bulger (only).

Advocates Reciprocal Free Trade.

Chicago, Nov. 11.—A strong plea for the adoption of reciprocal free trade in natural products between the United States and Canada was made by John Charlton, member of the Canadian parliament for North Norfolk, Ontario, in a speech at a banquet given by the Illinois Manufacturers' association. Mr. Charlton declared that the present state of trade relations between the two countries was absurd and that the continuance of present Canadian tariff conditions could only be retained by important tariff concessions on the part of the United States.

Foreigners Flock to Europe.

New York, Nov. 11.—Figures obtained of the number of laborers who are returning to Europe show that while from all ports of the United States 13,000 steerage passengers were carried from Oct. 1 to Nov. 10 a year ago, more than 27,000 have left the shores of America this year during the corresponding period. Of this number about 90 per cent sailed from New York. Inability to obtain employment is the cause of the emigration.

Rear Admiral Beardslee Dead.

Augusta, Ga., Nov. 11.—Rear Admiral Lester Anthony Beardslee, U. S. N., retired, died suddenly of apoplexy at Chateau-Levert, the country home of Colonel D. L. Dyer. The body will be sent to Washington, where it will be cremated. Admiral Beardslee entered the navy in 1850. He became rear admiral in 1893 and was retired in 1898. He was born in New York.

Juror Expires in Court Room.

Grand Rapids, Mich., Nov. 11.—Theodore Mueller, a juror in the circuit court, collapsed during the hearing of a case and died in two minutes of fatty degeneration of the heart. He was 65 years old and leaves a wife and several children at Lowell, Me.

CAN'T CARRY TROOPS

British Vessels Will Not Be Permitted to Land Colombian Forces.

FLAG HOISTED WITHOUT TROUBLE

Bocas del Toro Citizens Take Kindly to New Government—Colombia Making Peace Overtures—Mission a Hopeless One.

Washington, Nov. 11.—Upon receipt of a report by the state department that several British vessels were to be chartered by the Colombian government to take troops from Buena Ventura to the isthmus the navy department ordered the Boston to proceed off Buena Ventura and that in the event troops start for the isthmus their commander will be informed that they cannot land. The navy department announces that no attempt will be made to interfere with British vessels on the high seas.

Colon, Nov. 11.—The steam launch sent to Bocas del Toro Thursday to capture that place in the name of the new republic of Panama has returned. The officers report that the place was captured and the flag hoisted without a shot being fired. No difficulties were encountered. The majority of the officials of Bocas del Toro are natives of Panama and they expressed themselves as rejoiced at the course affairs had taken on the isthmus. The people of the town were jubilant at the news and only a few persons were found to be dissatisfied with the situation. These latter were brought to Colon, but not as prisoners.

Will Make Peace Proposals. The provisional government at Panama has received a telegram from President Marroquin, of the republic of Colombia, giving assurances that the Panama canal bill would most certainly pass congress next August and that General Reyes was on his way to the isthmus to make proposals looking to peace and the saving of the national honor.

The provisional government has sent a letter to General Reyes, which will reach him on his arrival at Savannah, advising that it is useless for him to come to Panama, as his mission is a hopeless one.

The United States cruiser Atlanta has just arrived from her cruise along the coast.

Managua, Nicaragua, Nov. 11.—The treaty recently signed at Acapulco by the Central American republics stipulates compulsory arbitration and provides for regulations preventing emigrants from organizing revolutions against neighboring republics, thus assuring Central American peace.

Cruisers Bound for Isthmus. Philadelphia, Nov. 11.—The United States auxiliary cruiser Yankee passed out to sea bound for Hampton Roads where she will coal. Before leaving she took aboard a large supply of ammunition and will take on at Hampton Roads a battalion of marines. From Hampton Roads it is expected the Yankee will sail for Guantanamo, where she will be held in readiness to go to the isthmus of Panama in case she is needed. The auxiliary cruiser Prairie will also coal at Hampton Roads and will probably sail from there direct to the isthmus.

TIGERS DECLARE
AGAINST RUGBY

East End Club Has Decided to Take
up the Association
Game.

WILL BE AN EXPERIMENT

Americans Have Not Attained Pro-
ficiency in the Sport And So Far
Have Exhibited Very Little Inter-
est—Great Skill Required.

Association foot ball has always
been strictly an English game, played
by English players and enjoyed by
English spectators. The few Ameri-
cans who have tried to learn the
game have had very little success.
Usually English games are vastly pop-
ular with Americans and they gener-
ally become as proficient as their Eng-
lish cousins, but it has been different
with the association game. Just why
this is so presents a good subject for
argument.

Great skill and endurance is required
to play the game, but it cannot be said
that this keeps Americans from en-
joying it, as they are certainly as
rugged as the English. It is not gen-
erally known, but it is a fact that the
exercise is much more violent than
that of Rugby foot ball. The Rugby
season commences earlier in the fall
than the association season for this
reason, the association players finding
it uncomfortable to play until the air
is fairly brisk. The danger to injury,
however, is not near so great as in
the Rugby game.

Englishmen have attained a wonder-
ful degree of proficiency in the game
and the best teams of this country
are made up almost entirely by play-
ers from the old country. The teams
in this city have demonstrated that
they are equal, if not superior, to any
in the country, but in spite of this fact
the interest in the game has remained
almost entirely with the English.

Since the interest in Rugby foot ball
has commenced to lag in England, it
is predicted that the same condition
will prevail here in a season or two
and that athletes wishing a violent
form of exercise will take up the as-
sociation game. Already a move has
been made here calculated to arouse
the interest of Americans.

Manager Henry Green, of the Tiger
Athletic club, an East End Rugby or-
ganization, has announced that the
team has concluded to quit Rugby and
take up the association game. Man-
ager Green has had several years' ex-
perience as a member of the Buck-
eyes and should prove an efficient
coach. As most of the members of

STARVATION CANNOT
CURE DYSPEPSIA

Miss Clark Tells How She Was Restored
To Health After Years of Suffering.

If you cut off every article of food that
disagrees with you, it will not be long until
you have nothing left.

You cannot cure stomach troubles by
starving yourself.

The sensible, logical course is to get
your stomach into such shape that you can
eat anything and digest it.

Science has at last discovered a pleasant,
reliable specific for the treatment of dys-
pepsia.

Readal Dyspepsia Tablets cure stomach
troubles by supplying the one element, the
absence of which in the gastric juices,
causes indigestion and dyspepsia. They
enable the stomach to digest all kinds of
food and to quickly convert it into rich red
blood.

READ WHAT MISS CLARK SAYS:
"I was in a very critical condition, very pale,
could not eat anything. The thought of food
was distasteful to me. I tried Readal Dyspepsia
Tablets and immediately commenced to gain. I
was hungry for my meals and relished my food.
The color came back to my face, and I com-
menced to think I had something to live for. I
can cheerfully recommend Readal Dyspepsia
Tablets. — LARRY CLARK, 905 East Washington St.,

the experiment will be watched with a
great deal of interest. The game is
an attractive one, and it is to be hoped
that Americans will wake to its goal
points.

ROVERS MAY PLAY
THE OLD TIMERS

A Prospect of an Interesting Game
Between Local Teams Thanks-
giving Day.

Since it became apparent that no
game can be arranged in East Liver-
pool for Thanksgiving, the Rovers will
likely accept the offer of the old East
Liverpool Rugby team—the first one
ever organized here. The banter came
about in a rather peculiar way. Sev-
eral of the veterans have been ac-
customed to attend the practice games
of the Rovers, and it is said upon each
occasion they have been severe in
their criticism of some of the tactics
employed.

Recently members of the Rovers
have met these sallies by proposing
that the old team play a game with
them and show them some of the
points in the way of playing. Mem-
bers of the first Rugby lineup have
been interesting themselves in the
effort to get the players together for
a game on Thanksgiving, and to the
present the prospects are most en-
couraging. Few of the old players are
in the city now, but none are so far
away that they could not get here for
the game should one be arranged.

The players who took part in the
old-time contests are: Wilbur Sned-
ker, Burchard, Brockett, Dave Mc-
Lane, A. W. Stevenson, Joe Herbert,
Robert Hall, Charles Hall, Stoffel,
Dennis McCarron, Ralph Wood, Billie
Humble, Capt. William M. Hill, Teddy
Connors, Peck Carnahan.

Much interest is being taken in the
preparations, and if the game is played
it will undoubtedly attract the largest
crowd of the season.

Hollenden Club Team And the Penn-
sylvanians to Play on Thanks-
giving Day.

Captain Rigby, of the Hollenden
club rugby team, was in Beaver yester-
day for the purpose of arranging
with the Beaver college club for a
game of foot ball on Thanksgiving.
Negotiations have been in progress for
some time and had reached a point
where the presence of some repre-
sentative of the local aggregation was
necessary to close up the arrange-
ments.

Captain Rigby had no difficulty in
arranging for the game, and it will be
played at Beaver on the afternoon of
Thursday, November 26. The Hollen-
den boys have begun diligent practice,
and expect to be in the pink of con-

CHESTER CHALLENGES
THE ROVER'S TEAM

Proposal of Manager Riley to Play the
Rovers for \$100 a Side.

Manager Frank Riley, of the Ches-
ter Athletic club, authorizes the News
Review to announce that his team will
play the West End Rovers a game of
Rugby foot ball for \$100 a side.

He will post a forfeit with the News
Review and an answer can be made
through this column.

A Freshman's Great Punt.

They tell a good story of Le
Moyné, the freshman, who is playing
end for Harvard, and doing most of
the punting. In the West Point game
Harvard was forced to punt on her
goal line, and Le Moyné was called
upon to turn the trick. It was a
tough place to put even a veteran, and
to make it worse it was raining at
the time. Le Moyné, however, had all
his wits about him and before the ball
was snapped called to the center:
"Dry the ball!" "Dry the ball!" A mo-
ment later he booted the ball beyond
the center of the field. One of the
coaches measured the distance of the
punt, and to his amazement the yard
lines counted up to 72.

SPORTING MISCELLANY.

Bethany college foot ball team will
play the West Virginia university team
at Wheeling Saturday.

It is now stated that the Cleveland
team, one of the best drawing teams
at home and on the road last season,
lost money.

It is announced that several South-
ern and New York State league play-
ers are to be added to the Washington
club's roster.

Kid Broad was given the decision
over Tim Callahan, of Philadelphia, in
a 10-round go before the Southern Ath-
letic club at New Orleans.

Hans Wagner, of the Pittsburghs,
says he has no objection to the foul
rule. "Put 'em anywhere near the
plate and I'll find it and keep it in fair
ground," says Hans.

Massillon is foot ball mad. The lo-
cal team has played five games with
the strongest teams in that section
of the state, and the aggregate score
is 94 for the Massillon team to 6 for
their opponents. These six scores were
made by the Wooster university.

FRANTIC EFFORT TO SEE BRIDE

Coal Hole Utilized by Fair Sex to
Hear Ceremony—Driven Out by Of-
ficers—Mob Raids Church and Leave
Loaded Down With Spoils.

New York, Nov. 11.—The duke of
Roxburgh, the seventeenth peer in the
court of St. James, was wedded to
Miss May Goelet, daughter of Mrs.
Ogden Goelet, of this city, at St.
Thomas' church, at 2:30 o'clock Tues-
day afternoon. The bride was the
richest unmarried woman in the United
States, and is reputed to be worth
\$25,000,000 in her own right. The
ceremony was performed by Bishop
Potter, assisted by the Rev. Ernest M.
Stiers, rector of the church. Bishop
Doane, of Albany, pronounced the ben-
ediction. The Goelets are in mourn-
ing for the late Sir Michael Herbert,
and the services were simple.

The duke and duchess left the Goelet
residence in a carriage, to which
at the last moment a long white
streamer was attached by the ushers,
and drove to the Grand Central sta-
tion, where they entered a private car
attached to the 5 o'clock express for
Newport.

Surging Mob of Women.
Fifth avenue in the vicinity of the
church was the scene before and dur-
ing the ceremony of excitement and
disorder unparalleled at any of the
previous great weddings in New York.
From the church to the Goelet resi-
dence, a distance of five blocks, the
avenue was a surging mob, numbering
fully 10,000 persons, mostly women,
whom a force of 200 policemen was
powerless to hold in check.

Before the service began several
hundred women gained entrance to
the church and seated themselves in
the galleries, from which they were
forcibly dislodged by a squad of po-
lice a few minutes before the arrival
of the bride.

When the carriage containing the
bride-to-be and her brother, Robert
Goelet, neared the church it was sur-
rounded by women, who stopped the
horses and in their efforts to see the
bride clung to the carriage, some of
them getting on the steps and thrust-
ing their heads into the windows. Mr.
Goelet called to the police, but it was
some moments before the half dozen
policemen who rushed to the rescue
were able to drive the curious women
back and enable the carriage to pro-
ceed.

Efforts of Police Useless.
When the carriage of Mr. and Mrs.
Carnellus Vanderbilt, which was just
ahead of the bride, reached the ca-
nopy leading from the curb to the
church the crowd of women banked
up 25 feet deep on either side rushed
frantically forward, carrying the solid
lines of policemen with them, and for
a moment choked the entrance. They
were forced back only to again rush
forward when the bride's carriage
drew up. By this time policemen from
other points had been collected there,
but in spite of them a group of half a
dozen women stooped down and lifted
the canopy of the canopy and crawled
part way under. They clung to their
positions notwithstanding all the ef-
forts of the police to pull them away,
and several of them managed to keep
their heads under the canopy until the
bride had passed up. A patrolman
caught one very well dressed woman,
by one of her ankles and dragged her
along the walk, she still clinging to
the canopy until she was forced to
loose her hold. She was lifted up
smiling and satisfied. She had seen
the bride.

Heard Ceremony from Coal Hole.
On the Fifty-third street side of the
church 15 well-dressed women crawled
down into a coal hole leading under-
neath the chancel. They could not see
anything, but they could hear what
was going on above. Policemen had
to get in and drive them out.

Four hours after the ceremonies
Fifth avenue was still crowded with
curious women, many of whom were
laden with spoils from the church de-
coration, for after the invited guests
had left the mob crowded into the
church and proceeded at once to tear
the chrysanthemums and lilies from
the pew entrances. In a few minutes
they began to break the leaves from
the palms and before they could be
stopped the church was despoiled of
many of the floral decorations.

Newport, R. I., Nov. 11.—The duke
and duchess of Roxburgh arrived
here and will spend the first week of
their honeymoon at Ochre court, the
home of the bride's mother, Mrs. Ogden
Goelet.

Shot Housekeeper During Quarrel.
Milford, Del., Nov. 11.—Jacob Lof-
land, colored, living six miles east of
here, shot and killed Susan Hazzard,
his housekeeper. Lofland then es-
caped. A posse is making a search of
the neighborhood and there are fears
of lynching if he is found alive. The
shooting was the result of a quarrel.

Julia Marlowe Not to Retire.
Chicago, Nov. 11.—The report that
Julia Marlowe was to retire from the
stage at the close of her present Chi-
cago engagement is untrue. She fin-
ishes here a week from Saturday night
and will then go to St. Louis, contin-
uing her season as originally planned.

SURE INDICATIONS OF BAD BLOOD

OLD SORES, ULCERS, ABSCESSSES

The best evidence of a bad condition of the blood and unhealthy state of the system, is an old festering sore, running ulcer, or abscess. They show the bodily impurities are not passing out through the proper channels, but are left in the system to clog and poison the blood. So thoroughly does the poison permeate the system that every little scratch, cut or bruise inflames and festers. Everything about an old sore or ulcer suggests disease.

They affect the general health, they require constant attention, and are a source of anxiety and trouble all the time, and in some cases highly offensive. There is danger, too, of these places becoming cancerous if not treated promptly and in the right way. Washes, salves and ointments are good for external use, but they can't stop the discharge or change the condition of the blood, and for this reason the sore never heals permanently.

Not until the blood is purged of impurities and the system cleansed of all harmful substances should the ulcer heal, or the effect upon the system might prove disastrous. S. S. S. goes into the circulation and searches out and removes the cause of the old sore and invigorates and builds up the polluted, sluggish blood again, and as the poisonous matter is driven from the system the sore begins to heal, new flesh forms and the place is soon covered over with fresh skin and the sore is gone for all time. Where the constitution is debilitated from the effects of chronic sores, ulcers, abscesses, carbuncles, boils or other severe skin eruptions, S. S. S. will build it up again and stimulate and strengthen all parts of the system. S. S. S. contains no strong minerals, but is guaranteed entirely vegetable. It is unequalled as a Blood Purifier and invigorating tonic. Do not depend upon local remedies alone. Get your blood right, and as it forces out the poison the sore must heal, because nothing is left in the system for it to feed upon. Write us should you desire medical advice, which is given without charge.

GROWTH OF BAPTIST CHURCH

Local Congregation Has Increased Its Membership From 4 to 100 in Four Years.

From an organization with only six constituent members four years ago to a flourishing congregation numbering nearly 100 is the record of the First Baptist church in this city. It is with

REV. DR. H. H. BAWDEN.

feelings of pride that the members of the congregation point to their growth in numbers and spiritual blessings.

The First Baptist church was organized August 15, 1899, at the home of Mrs. Rebecca Robinson, 68 Market street. For a number of weeks ser-

viceable living apartments for the pastor.

The First Baptist church of East Liverpool was recognized as a regular Baptist church July 11, 1901, with Rev. W. H. Beynon as its pastor. Wishing to complete his education Rev. Mr. Beynon resigned to enter the Chicago university and Rev. A. L. Owens was called and came to this city, taking up his pastoral duties on October 1, 1901. Rev. Mr. Owens served the congregation one year, resigning on account of ill health. His resignation was accepted October 1, 1902, and a call was extended to the present pastor, Rev. H. H. Bawden, a portrait of whom is herewith presented. Rev. Mr. Bawden left a large congregation at Green Bay, Wis., to take up the work of building up the church here and although he has been here but a year his hard work and strong character has left its impress. The church is showing a steady growth and the members are more than pleased. Those who know the situation realize the difficulties that have surrounded the work of the minister.

In his efforts in behalf of the church Rev. Mr. Bawden has been ably assisted by the members of the congregation, who have taken a heart interest in the work. Seldom has greater loyalty to church been exhibited and although comparatively few in number the congregation has determined to time, at no distant day, erect a magnificent edifice in which to worship. The same great interest is

MONTANA REJOICING

Governor Toole's Call for a Special Session Arouse Great Enthusiasm.

AMALGAMATED WORKS RESUME

At Least Thirty Thousand Workmen Will Benefit—Legislature to Pass Laws to Relieve Industrial Conditions in State.

Helena, Mont., Nov. 11.—Governor Toole called a special session of the legislature to meet on Dec. 1 at Helena to pass laws to relieve the industrial condition in Montana caused by the shutting down of Amalgamated company's properties, whereby 15,000 were directly thrown out of work and 15,000 more affected.

The aim of the session is to pass a law whereby mining cases may be taken from one court to another when the judge in the initial court is shown to be prejudiced. Other legislation of like character has also been promised.

A so-called fair trial bill, of the character now proposed, was passed by the last legislature, but was decided by the supreme court to be unconstitutional on technical grounds. Recently at Butte Judge William Clancy, of the district court, gave a decision, in which he said that he might appoint a receiver at any time for the Boston and Montana company, one of the largest constituent companies of the Amalgamated. The decision was made on the application of John Maginnis, a prominent holder of stock in the properties controlled by O. Augustus Heinze, of the Montana Ore Purchasing company, which has been at war with the Amalgamated for years.

Upon this announcement by Judge Clancy, President William Scallion, of the Anaconda Copper Mining company and general manager of the Amalgamated, issued orders to shut down all the Amalgamated properties in Montana and elsewhere, declaring that the company, unable to secure judicial fairness in the courts, could not continue in business. Since that time Governor Toole has been overwhelmed with petitions signed by thousands of citizens of Montana asking him to call a special session to pass laws to relieve the conditions.

The works of the Amalgamated company will at once resume in various parts of the state. This includes the greater mines in Butte, the smelters of the Washoe company in Anaconda, the largest in the world; the smelters of the Boston and Montana company in Great Falls, also vast in their capacity; the coal mines at Storrs, Belt, Oakdale and in Wyoming; the great quarry in northern Montana and the immense lumber industries in western and northwestern Montana.

Butte, Mont., Nov. 11.—There was great rejoicing here when it became known that Governor Toole had called an extra session and within 10 minutes whistles were blowing at several of the idle mines and flags were hoisted. All the Amalgamated properties will resume today and several thousand men will go to work, in accordance with the promise of William Scallion, president of the Anaconda company.

JOHN MITCHELL PRESIDED.

American Federation of Labor Gives Him Heart's Greeting.

Boston, Nov. 11.—John Mitchell, president of the United Mine Workers of America, presided for a time at the convention of the American Federation of Labor and he received a greeting from the delegates which was as sincere and spontaneous as it was enthusiastic.

The day was largely devoted to receiving reports from committees and disposing of the cases of protested delegates. The report of the executive council decided the jurisdiction disputes between affiliated unions. It contained all the correspondence with President Roosevelt in the Miller case at Washington, but refrained from all comment upon the matter.

Lorenz Patient Able to Dance.
Chicago, Nov. 11.—Lolita Arraour, whom Dr. Lorenz, of Vienna, treated for hip disease, is so far recovered that she is able to dance. She has entered a private dancing academy and will soon be able to move with all the freedom of other children.

Very Short Session.
Washington, Nov. 11.—The house was in session less than half an hour Tuesday, an early adjournment being taken out of respect to the memory of two deceased members. The president's message was read and referred to the committee on ways and means, the membership of which is yet to be announced. The message also was ordered printed. The speaker announced the committees on rules and mileage. Aside from making provision for the payment of mileage of members no further business was transacted.

Big Bridge Contract Let.

Philadelphia, Nov. 11.—The Pennsylvania Steel company has been awarded the contract for erecting the new \$5,000,000 bridge across the East river at Blackwells island, New York city. The new bridge will be finished in about a year's time and will be constructed of steel. Work will be begun as soon as sufficient plates can be forwarded from the company's works at Steelton, Pa.

CURES KIDNEY AND BLADDER TROUBLES, Rheumatism, All Diseases of the Blood, Backache, Nervous Dyspepsia, Clear the Complexion and Aid Digestion.

Give you a good appetite, renew life cells in young and old. Permanently restore youthful vigor and vitality. They tone up the whole system and make you feel like a new person. No remedy in the world to equal them. Take a few Nervan Tablets and note the wonderful effect.

ALCOHOL IN ALL LIQUID KIDNEY AND RHEUMATIC REMEDIES CONDEMNS THEM.

An ignorantly compounded remedy, containing alcohol, as nearly all kidney remedies do, will stimulate them so violently that an inflammation will be set up, and instead of being merely lazy the kidneys will become diseased. Alcohol clogs the kidneys with blood and retards their activity.

There is no Alcohol in Nervan Tablets to interfere with the removal of all harmful sediment from the body. The Tablets soothe and heat the kidneys when they are irritated and inflamed. They cure the kidney diseases that make you dizzy, restless, sleepless and irritable; that make you pass water often during the day and night; that cause rheumatism, catarrh of the bladder, pain in the back, joints and muscles; that make your head ache and indigestion, stomach and liver trouble, and a salivary, yellow complexion.

MONTANA REJOICING

Governor Toole's Call for a Special Session Arouse Great Enthusiasm.

AMALGAMATED WORKS RESUME

At Least Thirty Thousand Workmen Will Benefit—Legislature to Pass Laws to Relieve Industrial Conditions in State.

Helena, Mont., Nov. 11.—Governor Toole called a special session of the legislature to meet on Dec. 1 at Helena to pass laws to relieve the industrial condition in Montana caused by the shutting down of Amalgamated company's properties, whereby 15,000 were directly thrown out of work and 15,000 more affected.

The aim of the session is to pass a law whereby mining cases may be taken from one court to another when the judge in the initial court is shown to be prejudiced. Other legislation of like character has also been promised.

A so-called fair trial bill, of the character now proposed, was passed by the last legislature, but was decided by the supreme court to be unconstitutional on technical grounds. Recently at Butte Judge William Clancy, of the district court, gave a decision, in which he said that he might appoint a receiver at any time for the Boston and Montana company, one of the largest constituent companies of the Amalgamated. The decision was made on the application of John Maginnis, a prominent holder of stock in the properties controlled by F. Augustus Heinze, of the Montana Ore Purchasing company, which has been at war with the Amalgamated for years.

Upon this announcement by Judge Clancy, President William Scallion, of the Anaconda Copper Mining company and general manager of the Amalgamated, issued orders to shut down all the Amalgamated properties in Montana and elsewhere, declaring that the company, unable to secure judicial fairness in the courts, could not continue in business. Since that time Governor Toole has been overwhelmed with petitions signed by thousands of citizens of Montana asking him to call a special session to pass laws to relieve the conditions.

The works of the Amalgamated company will at once resume in various parts of the state. This includes the greater mines in Butte, the smelters of the Washoe company in Anaconda, the largest in the world; the smelters of the Boston and Montana company in Great Falls, also vast in their capacity; the coal mines at Storrs, Belt, Oakdale and in Wyoming; the great quarry in northern Montana and the immense lumber industries in western and northwestern Montana.

Butte, Mont., Nov. 11.—There was great rejoicing here when it became known that Governor Toole had called an extra session and within 10 minutes whistles were blowing at several of the idle mines and flags were hoisted. All the Amalgamated properties will resume today and several thousand men will go to work, in accordance with the promise of William Scallion, president of the Anaconda company.

The report of the executive council decided the jurisdiction disputes between affiliated unions. Philadelphia, Nov. 11.—The Pennsylvania Steel company has been awarded the contract for erecting the new \$5,000,000 bridge across the East river at Blackwells island, New York city. The new bridge will be finished in about a year's time and will be constructed of steel. Work will be begun as soon as sufficient plates can be forwarded from the company's works at Steelton, Pa.

SURE INDICATIONS OF BAD BLOOD

OLD SORES, ULCERS, ABSCESES

The best evidence of a bad condition of the blood and unhealthy state of the system, is an old festering sore, running ulcer, or abscess. They show the bodily impurities are not passing out through the proper channels, but are left in the system to clog and poison the blood. So thoroughly does the poison permeate the system that every little scratch, cut or bruise inflames and festers. Everything about an old sore or ulcer suggests disease. They affect the general health, they require constant attention, and are a source of anxiety and trouble all the time, and in some cases highly offensive. There is danger, too, of these places becoming cancerous if not treated promptly and in the right way. Washes, salves and ointments are good for external use, but they can't stop the discharge or change the condition of the blood, and for this reason the sore never heals permanently.

Not until the blood is purged of impurities and the system cleansed of all harmful substances should the ulcer heal, or the effect upon the system might prove disastrous. S. S. S. goes into the circulation and searches out and removes the cause of the old sore and invigorates and builds up the polluted, sluggish blood again, and as the poisonous matter is driven from the system the sore begins to heal, new flesh forms and the place is soon covered over with fresh skin and the sore is gone for all time. Where the constitution is debilitated from the effects of chronic sores, ulcers, abscesses, carbuncles, boils or other severe skin eruptions, S. S. S. will build it up again and stimulate and strengthen all parts of the system. S. S. S. contains no strong minerals, but is guaranteed entirely vegetable. It is unequalled as a Blood Purifier and invigorating tonic. Do not depend upon local remedies alone. Get your blood right, and as it forces out because nothing is left in the system for it to feed upon. Write us should you desire medical advice, which is given without charge.

FROM CALF OF THE LEG TO ANKLE A SOLID SORE.

New Castle, Pa., July 29, 1903.

Three years ago a common boil appeared on the calf of my limb. Not yielding to simple home remedies, I consulted a physician, who prescribed a poultice, flaxseed, supposedly. By some fearful mistake I was given corrosive sublimate, and after having it on for a few minutes I could endure the pain no longer, so took off the application and found that my limb from the calf to the ankle was in an awful condition. I immediately sent for another physician, who told me I had been poisoned. My limb from the calf to the ankle was one solid inflamed sore. I was advised to begin S. S. S., and improved rapidly under its use, but about this time I had an attack of typhoid fever, and this settled in the original sore. This, of course, caused a back set, but having confidence in the ability of S. S. S., I began it again as soon as I was over the fever, and to make a long story short, was completely and permanently cured. Two years have elapsed, and I have never had a return of the trouble. MRS. K. A. DUFFY, 214 W. Washington St.

GROWTH OF BAPTIST CHURCH

Local Congregation Has Increased Its Membership From 4 to 100 in Four Years.

From an organization with only six constituent members four years ago to a flourishing congregation numbering nearly 100 is the record of the First Baptist church in this city. It is with

REV. DR. H. H. BAWDEN.

feelings of pride that the members of the congregation point to their growth in numbers and spiritual blessings.

The First Baptist church was organized August 15, 1899, at the home of Mrs. Rebecca Robinson, 68 Market street. For a number of weeks ser-

vice were held at the homes of the members and then a hall in the Diamond was secured and meetings were held there until February, 1902. The property at 226 Fifth street was purchased and the old frame house on the lot converted into a neat little chapel which will seat about 200 people. The rooms on the second story of the building were made into com-

fortable living apartments for the pastor.

The First Baptist church of East Liverpool was recognized as a regular Baptist church July 11, 1901, with Rev. W. H. Beynon as its pastor. Wishing to complete his education Rev. Mr. Beynon resigned to enter the Chicago university and Rev. A. L. Owens was called and came to this city, taking up his pastoral duties on October 1, 1901. Rev. Mr. Owens served the congregation one year, resigning on account of ill health. His resignation was accepted October 1, 1902, and a call was extended to the present pastor, Rev. H. H. Bawden, a portrait of whom is herewith presented. Rev. Mr. Bawden left a large congregation at Green Bay, Wis., to take up the work of building up the church here and although he has been here but a year his hard work and strong character has left its impress. The church is showing a steady growth and the members are more than pleased. Those who know the situation realize the difficulties that have surrounded the work of the minister.

In his efforts in behalf of the church Rev. Mr. Bawden has been ably assisted by the members of the congregation, who have taken a heart interest in the work. Seldom has greater loyalty to church been exhibited and although comparatively few in number the congregation has determined to time, at no distant day, erect a magnificent edifice in which to worship. The same great interest is

MONTANA REJOICING

Governor Toole's Call for a Special Session Arouse Great Enthusiasm.

AMALGAMATED WORKS RESUME

At Least Thirty Thousand Workmen Will Benefit—Legislation to Pass Laws to Relieve Industrial Conditions in State.

Helena, Mont., Nov. 11.—Governor Toole called a special session of the legislature to meet on Dec. 1 at Helena to pass laws to relieve the industrial condition in Montana caused by the shutting down of Amalgamated company's properties, whereby 15,000 were directly thrown out of work and 15,000 more affected.

The aim of the session is to pass a law whereby mining cases may be taken from one court to another when the judge in the initial court is shown to be prejudiced. Other legislation of like character has also been promised. A so-called fair trial bill, of the character now proposed, was passed by the last legislature, but was decided by the supreme court to be unconstitutional on technical grounds. Recently at Butte Judge William Clancy, of the district court, gave a decision, in which he said that he might appoint a receiver at any time for the Boston and Montana company, one of the largest constituent companies of the Amalgamated. The decision was made on the application of John Maginnis, a prominent holder of stock in the properties controlled by F. Augustus Heinze, of the Montana Ore Purchasing company, which has been at war with the Amalgamated for years.

Upon this announcement by Judge Clancy, President William Scallan, of the Anaconda Copper Mining company and general manager of the Amalgamated, issued orders to shut down all the Amalgamated properties in Montana and elsewhere, declaring that the company, unable to secure judicial fairness in the courts, could not continue in business. Since that time Governor Toole has been overwhelmed with petitions signed by thousands of citizens of Montana asking him to call a special session to pass laws to relieve the conditions.

The works of the Amalgamated company will at once resume in various parts of the state. This includes the greater mines in Butte, the smelters of the Washoe company in Anaconda, the largest in the world; the smelters of the Boston and Montana company in Great Falls, also vast in their capacity; the coal mines at Storrs, Belt, Oakdale and in Wyoming; the great quarry in northern Montana and the immense lumber industries in western and northwestern Montana.

Butte, Mont., Nov. 11.—There was great rejoicing here when it became known that Governor Toole had called an extra session and within 10 minutes whistles were blowing at several of the idle mines and flags were hoisted. All the Amalgamated properties will resume today and several thousand men will go to work, in accordance with the promise of William Scallan, president of the Anaconda company.

JOHN MITCHELL PRESIDED.

American Federation of Labor Gives Him Heartiest Greeting.

Boston, Nov. 11.—John Mitchell, president of the United Mine Workers of America, presided for a time at the convention of the American Federation of Labor and he received a greeting from the delegates which was as sincere and spontaneous as it was enthusiastic.

The day was largely devoted to receiving reports from committees and disposing of the cases of protested delegates. The report of the executive council decided the jurisdiction disputes between affiliated unions. It contained all the correspondence with President Roosevelt in the Miller case at Washington, but refrained from all comment upon the matter.

Lorenz Patient Able to Dance.

Chicago, Nov. 11.—Lolita Arizur, whom Dr. Lorenz, of Vienna, treated for hip disease, is so far recovered that she is able to dance. She has entered a private dancing academy and will soon be able to move with all the freedom of other children.

Very Short Session.

Washington, Nov. 11.—The house was in session less than half an hour Tuesday, an early adjournment being taken out of respect to the memory of two deceased members. The president's message was read and referred to the committee on ways and means, the membership of which is yet to be announced. The message also was ordered printed. The speaker announced the committee on rules and mileage. Aside from making provision for the payment of mileage of members no further business was transacted.

Big Bridge Contract Let.

Philadelphia, Nov. 11.—The Pennsylvania Steel company has been awarded the contract for erecting the new \$5,000,000 bridge across the East river at Blackwells Island, New York city. The new bridge will be finished in about a year's time and will be constructed of steel. Work will be begun as soon as sufficient plates can be forwarded from the company's works at Steelton, Pa.

Brief Notes of a Personal Nature And of Matters About Town.

A Son Born—A son was born this morning to Mr. and Mrs. Fred Williams, of Caughon's addition, East End.

Ladies of the G. A. R.—McCoy circle, Ladies of the G. A. R., will hold an important meeting in the hall Thursday evening.

Mystic Circle—Pride of the Valley No. 286 and Ohio Valley Rulings No. 43, F. M. C., will hold a joint meeting tomorrow evening.

Stoned the Train—An unknown person stoned the 7:15 passenger train as it was approaching the East End station last evening. Two windows were broken and some excitement caused, but no one was hurt.

The Other John—Owing to a similarity of names, John Harvey, a prominent resident of East Fifth street, has been annoyed by being confused with a man who was arrested a few days ago. It was John J. and not the other Harvey who was arrested.

Lecture on Mormonism—Mrs. Mary C. Devore, late of Lake City, delivered an interesting address on Mormonism and Mormonism at the First U. P. church last evening. It was in substance the lecture which she delivered in Wellsville, which was reported in the News Review yesterday.

Miners Leave for Other Fields. Trinidad, Col., Nov. 11.—Sheriff Clark returned from Hastings, where he investigated the attempt to blow up the power house of the Victor Fuel company, and stated that no damage was done except the breaking of a few windows in the building. Eight extra deputies have been put on guard and no further trouble is anticipated. Miners have arrived here in droves from the various camps. Nearly all single men are leaving for other coal fields. The miners' union established a camp of several hundred tents in Trinidad, where all idle men can eat and sleep. A fierce snowstorm is raging throughout this section.

Crescent Scores a Failure. Kansas City, Nov. 11.—Crescent failed in his attempt to break the world's trotting record of 2:08 for a mile on a half-mile track, making no better than 2:12 1/4. Conditions were unfavorable. Besides the fact that the wind was blowing hard and the track not perfect, the stallion was slightly lame.

An Odd Gypsy Custom. In Hungary, when the question of the baby's future comes up for discussion among the gypsies, there is no time wasted in argument. A blanket is held by the four corners and the baby is thrown into the air. If it comes down on its little stomach it is a sign that it is going to be a musician; if it falls on its back it is to be a thief, and the education of the child is begun as soon as possible in one of these two time honored professions.

An Animal Story For Little Folks

THE Fish That Was Unselfish

"What a wonderful piece of good fortune it was that that fisherman dropped his bait box overboard!" said Mr. Sunfish to Mr. Minnow.

"Yes, indeed," replied Mr. Minnow. "I always did relish nice fresh bread crumbs and crusts, and I understand that this box was filled with both."

"And so it was," said Mr. Sunfish. "I have made all arrangements to have it carried over to my house."

"But it doesn't belong to you!" exclaimed Mr. Minnow, half angrily. "It is mine."

Mr. Sunfish bit his lips thoughtfully.

MR. SUNFISH AND MR. MINNOW.

"Very well," he said finally, "you may have it. I shall not be selfish."

"I guess you are jealous of me now, aren't you?" inquired the minnow, with a broad smile.

"No, indeed," answered the sunfish cheerily.

"Well, why aren't you?" asked the minnow.

"Simply because I have already got out of the box all the best that it contained."

Mr. Minnow's countenance fell, and he hurried off to inspect the box. Sure enough, the very best that had been in it was gone, and the sunfish had taken it.—Pittsburg Dispatch.

A Real Absent Minded Man.

SOCIAL EVENTS

Rummage Sale Continues.

The W. R. C. ladies are combining their efforts to assist the Hospital association. They have taken the rummage sale, which was discontinued by the ladies of the First Presbyterian church, at a storeroom on Market street, near Fourth. The patronage has been exceedingly large and the ladies find themselves in great need of material. Those who intend making contributions, thus aiding the W. R. C. and Hospital association, are urged to do so immediately.

W. R. C. State President.

Mrs. Gahagan, of Troy, the high officer and president of the Department of Ohio Woman's Relief Corps, will arrive in the city today and be entertained by Mrs. R. L. Herbert at her home on Sixth street. Mrs. Gahagan will be in the city to visit the potteries. The Woman's Relief Corps will express their cordial welcome by a reception at Mrs. Herbert's tonight.

Entertainment Planned.

The Y. M. C. A. directors and Secretary Pollard met last evening. It was decided to appoint standing committees to look after work among the young men. Mayor Weaver will appoint them. A public meeting, with an elaborate program of music and addresses, to which the general public will be invited, has been decided upon for Thanksgiving night. Refreshments will be served.

Missionary Meeting.

The Home Missionary society of the First M. E. church will meet tomorrow evening at 8 o'clock. All members are urged to be present and enter their thank offering envelopes on that evening. A short program will be prepared.

Luther League.

The Luther League of St. John's Evangelical Lutheran church will hold a social meeting on Friday evening at the home of Mrs. Bauman on Fourth street. A special program will be carried out.

Sewing Circle.

The Sewing circle of the First Presbyterian church will meet on Friday evening in the church.

A 5 O'Clock Tea.

Mrs. John Manor will entertain about 20 of her lady friends on Friday evening at her home on Sixth street. The function will be at 5 o'clock tea.

HOME AFFAIRS

Brief Notes of a Personal Nature And
of Matters About
Town.

A Son Born—A son was born this morning to Mr. and Mrs. Fred Williams, of Canthoun's addition, East End.

Ladies of the G. A. R.—McCoy circle, Ladies of the G. A. R., will hold an important meeting in the hall Thursday evening.

Mystic Circle—Pride of the Valley No. 386 and Ohio Valley Rulings No. 43, F. M. C., will hold a joint meeting tomorrow evening.

Stoned the Train—An unknown person stoned the 7:15 passenger train as it was approaching the East End station last evening. Two windows were broken and some excitement caused, but no one was hurt.

The Other John—Owing to a similarity of names, John Harvey, a prominent resident of East Fifth street, has been annoyed by being confused with a man who was arrested a few days ago. It was John J. and not the other Harvey who was arrested.

Lecture on Mormonism—Mrs. Mary C. Devore, late of Sale Lake City, delivered an interesting address on Mormonism and Mormonism at the First U. P. church last evening. It was in substance the lecture which she delivered in Wellsville, which was reported in the News Review yesterday.

Miners Leave for Other Fields.

Trinidad, Col., Nov. 11.—Sheriff Clark returned from Hastings, where he investigated the attempt to blow up the power house of the Victor Fuel company, and stated that no damage was done except the breaking of a few windows in the building. Eight extra deputies have been put on guard and no further trouble is anticipated. Miners have arrived here in droves from the various camps. Nearly all single men are leaving for other coal fields. The miners' union established a camp of several hundred tents in Trinidad, where all idle men can eat and sleep. A fierce snowstorm is raging throughout this section.

Cresceus Scores a Failure.

Kansas City, Nov. 11.—Cresceus failed in his attempt to break the world's trotting record of 2:08 for a mile on a half-mile track, making no better than 2:12½. Conditions were unfavorable. Besides the fact that the wind was blowing hard and the track not perfect, the stallion was slightly lame.

An Odd Gypsy Custom.

In Hungary, when the question of the baby's future comes up for discussion among the gypsies, there is no time wasted in argument. A blanket is held by the four corners and the baby is thrown into the air. If it comes down on its little stomach it is a sign that it is going to be a thief, and the education of the child is begun as soon as possible in one of these two time honored professions.

**THE
Fish That Was Unselfish**

"What a wonderful piece of good fortune it was that that fisherman dropped his bait box overboard!" said Mr. Sunfish to Mr. Minnow.

"Yes, indeed," replied Mr. Minnow. "I always did relish nice fresh bread crumbs and crusts, and I understand that this box was filled with both."

"And so it was," said Mr. Sunfish. "I have made all arrangements to have it carried over to my house."

"But it doesn't belong to you!" exclaimed Mr. Minnow, half angrily. "It is mine."

Mr. Sunfish bit his lips thoughtfully.

MR. SUNFISH AND MR. MINNOW.

"Very well," he said finally; "you may have it. I shall not be selfish."

"I guess you are jealous of me now, aren't you?" inquired the minnow, with a broad smile.

"No, indeed," answered the sunfish cheerily.

"Well, why aren't you?" asked the minnow.

"Simply because I have already got out of the box all the best that it contained."

Mr. Minnow's countenance fell, and he hurried off to inspect the box. Sure enough, the very best that had been in it was gone, and the sunfish had taken it.—Pittsburg Dispatch.

A Real Absent Minded Man.

The most absent minded man was not the man who hunted for his pipe when it was between his teeth, nor the man who threw his hat out of the window and tried to hang his cigar on the peg—no, but the man who put his umbrella to bed and went and stood behind the door.—Exchange.

Rummage Sale Continues.

The W. R. C. ladies are combining their efforts to assist the Hospital association. They have taken the rummage sale, which was discontinued by the ladies of the First Presbyterian church, at a storeroom on Market street, near Fourth. The patronage has been exceedingly large and the ladies find themselves in great need of material. Those who intend making contributions, thus aiding the W. R. C. and Hospital association, are urged to do so immediately.

W. R. C. State President.

Mrs. Gahagan, of Troy, the high officer and president of the Department of Ohio Woman's Relief Corps, will arrive in the city today and be entertained by Mrs. R. L. Herbert at her home on Sixth street. Mrs. Gahagan will be in the city to visit the potteries. The Woman's Relief Corps will express their cordial welcome by a reception at Mrs. Herbert's tonight.

Entertainment Planned.

The Y. M. C. A. directors and Secretary Pollard met last evening. It was decided to appoint standing committees to look after work among the young men. Mayor Weaver will appoint them. A public meeting, with an elaborate program of music and addresses, to which the general public will be invited, has been decided upon for Thanksgiving night. Refreshments will be served.

Missionary Meeting.

The Home Missionary society of the First M. E. church will meet tomorrow evening at 8 o'clock. All members are urged to be present and enter their thank offering envelopes on that evening. A short program will be prepared.

Luther League.

The Luther League of St. John's Evangelical Lutheran church will hold a social meeting on Friday evening at the home of Mrs. Bauman on Fourth street. A special program will be carried out.

Good Shoes for Boys

Boys are harder on shoes than men. They abuse their shoes more and it is only natural that better work and material should go into their shoes, but it is seldom the case.

We have a new lot for the boys, they're higher in price, but we have paid the price cause we are determined to have them good and we know now that we have the best. They range in price from \$2 to \$3 and every pair is a credit to the boy as well as the shoe.

Good Shoes for Boys

Boys are harder on shoes than men. They abuse their shoes more and it is only natural that better work and material should go into their shoes, but it is seldom the case.

We have a new lot for the boys, they're higher in price, but we have paid the price cause we are determined to have them good and we know now that we have the best. They range in price from \$2 to \$3 and every pair is a credit to the boy as well as the shoe.

An Animal Story For Little Folks

THE Fish That Was Unselfish

"What a wonderful piece of good fortune it was that that fisherman dropped his bait box overboard!" said Mr. Sunfish to Mr. Minnow.
"Yes, indeed," replied Mr. Minnow. "I always did relish nice fresh bread crumbs and crusts, and I understand that this box was filled with both."
"And so it was," said Mr. Sunfish. "I have made all arrangements to have it carried over to my house."
"But it doesn't belong to you!" exclaimed Mr. Minnow, half angrily. "It is mine."
Mr. Sunfish bit his lips thoughtfully.

MR. SUNFISH AND MR. MINNOW.

"Very well," he said finally, "you may have it. I shall not be selfish."
"I guess you are jealous of me now, aren't you?" inquired the minnow, with a broad smile.
"No, indeed," answered the sunfish cheerily.
"Well, why aren't you?" asked the minnow.
"Simply because I have already got out of the box all the best that it contained."

Mr. Minnow's countenance fell, and he hurried off to inspect the box. Sure enough, the very best that had been in it was gone, and the sunfish had taken it.—Pittsburg Dispatch.

A Real Absent Minded Man.

The most absent minded man was not the man who hunted for his pipe when it was between his teeth, nor the man who threw his hat out of the window and tried to hang his cigar on the peg—no, but the man who put his umbrella to bed and went and stood behind the door.—Exchange.

HOME AFFAIRS

Brief Notes of a Personal Nature And of Matters About Town.

A Son Born.—A son was born this morning to Mr. and Mrs. Fred Williams, of Cauhoun's addition, East End.

Ladies of the G. A. R.—McCoy circle, Ladies of the G. A. R., will hold an important meeting in the hall Thursday evening.

Mystic Circle.—Pride of the Valley No. 386 and Ohio Valley Rulings No. 43, F. M. C., will hold a joint meeting tomorrow evening.

Stoned the Train.—An unknown person stoned the 7:15 passenger train as it was approaching the East End station last evening. Two windows were broken and some excitement caused, but no one was hurt.

The Other John.—Owing to a similarity of names, John Harvey, a prominent resident of East Fifth street, has been annoyed by being confused with a man who was arrested a few days ago. It was John J. and not the other Harvey who was arrested.

Lecture on Mormonism.—Mrs. Mary C. Devore, late of Sale Lake City, delivered an interesting address on Mormonism and Mormonism at the First U. P. church last evening. It was in substance the lecture which she delivered in Wellsville, which was reported in the News Review yesterday.

Miners Leave for Other Fields.

Trinidad, Col., Nov. 11.—Sheriff Clark returned from Hastings, where he investigated the attempt to blow up the power house of the Victor Fuel company, and stated that no damage was done except the breaking of a few windows in the building. Eight extra deputies have been put on guard and no further trouble is anticipated. Miners have arrived here in droves from the various camps. Nearly all single men are leaving for other coal fields. The miners' union established a camp of several hundred tents in Trinidad, where all idle men can eat and sleep. A fierce snowstorm is raging throughout this section.

Cresceus Scores a Failure.

Kansas City, Nov. 11.—Cresceus failed in his attempt to break the world's trotting record of 2:08 for a mile on a half-mile track, making no better than 2:12 1/4. Conditions were unfavorable. Besides the fact that the wind was blowing hard and the track not perfect, the stallion was slightly lame.

An Odd Gypsy Custom.

In Hungary, when the question of the baby's future comes up for discussion among the gypsies, there is no time wasted in argument. A blanket is held by the four corners and the baby is thrown into the air. If it comes down on its little stomach it is a sign that it is going to be a musician; if it falls on its back it is to be a thief, and the education of the child is begun as soon as possible in one of these two time honored professions.
